## LINDY HOPS FOR ST. LOUIS

### COOLIDGE HOOKS BATCH OF FIVE RAINBOW TROUT

#### Used Worm as Bait; Hills a Delight.

BY PHILIP KINSLEY.  
(Chicago Tribune Press Service.)  
(Pictures on back page.)

Rapid City, S. D., June 16.—(Special.)—As a fisherman, President Coolidge is now in paradise. After three hours on the first morning of his Black Hills vacation, he proudly brought home to Mrs. Coolidge this noon, seven nice rainbow trout, the largest weighing one pound and fifteen-sixteenths. Five of them he caught himself. Squaw creek, which runs by the front lawn of the summer White House, has fulfilled its sweet promise.

The President awoke soon after dawn and when the sun rose above the rim of his hidden valley, he was out whipping the stream in front of the lodge. But this was not satisfactory, and so, after breakfast he and Col. Ed Starling of the secret service and Cecil Giddon, state game keeper and guide, climbed into a limousine and went down stream a few miles, where there is a pretty place of water that has been reserved for him.

**Has Private Fishing Ground.**  
The old farmer who owns the land here has been charging a dollar a head for fishing privileges in other years, but this year turned it over to the President, offering at the same time to grant the waters with a shot gun. Just what happened down stream remains a secret, but Col. Starling swears he caught but two, and Mr. Price, who is a man of honor, swears with equal earnestness that he did not put his line in the water.

**Used Worms for Bait.**  
But now something must be told that will not make many votes for the President among the aristocrats of the fishing game, the fly fishermen. When the President returned and with a sort of grim, silent pride brought out his trout basket and uncovered the fish from a bed of grass and pulled a scale out of his pocket to weight them, some one asked him:

"What sort of a fly did you use, Mr. President?"

"I fished with worms," was the stolid, unblinking reply, and to prove it the President held up an old coffee can in which he carried his garden hawk.

Mrs. Coolidge came tripping down the stone steps in the morning, accompanied, as ever, by her white collie and exclaimed with well simulated enthusiasm, as a dutiful wife, at the catch.

"Please admire them, Mrs. Coolidge," said one of the picture men. "Oh, I am, I am," she laughed.

**White Collar and Mip Boats.**  
The President wore hip boots, but otherwise had on an ordinary business suit, with white collar and a brown felt hat. Col. Starling was dressed like a wild-west showman.

The first day in the new home was bright and warm. The lodge is enclosed by hills, up which the pine trees struggle and keep out the cold winds.

It came down the hill opposite the lodge and remained in view all morning. Last night the Coolidges saw mountain sheep playing on the crags opposite their home. Buffalo roamed to a nearby paddock.

**Receives Two Visitors.**  
Senator Peter Norbeck and Paul Belmont, head of the Black Hills Transportation company, were the only ones who were received by the President today, and he gave little attention to business, promising to come into town to the new executive office tomorrow. He told Senator Norbeck and Mr. Belmont that he was perfectly delighted with the home in the hills and felt a little guilty about keeping them away from such a charming spot.

On Saturday he is to meet several hundred members of the National Editorial association, also Gutzon Borglum, the sculptor, who is carving the foot heads of Washington, Jefferson, Lincoln and Roosevelt on the side of Rushmore mountain, which is visible from the highway here.

**Chicago Press Talks Politics.**  
The political significance of the President's stay in the west will furnish interesting discussion all summer, it appears. Already the state papers are wondering what the effect will be on the national trend. At Huron the President was given a card containing the words of a song that was sung as he moved through. "The words," and will note for you next fall," were repeated as a promise of third term support.

## Tie 11 Amendments to Transit Bill

### ALL CHANGES DESIGNED TO PROTECT PUBLIC

#### Seek Council's O. K. Tomorrow.

BY OSCAR HEWITT.  
(Chicago Tribune Press Service.)  
Springfield, Ill., June 16.—[Special.]—The indeterminate franchise bill, sponsored in the legislature by Chicago transportation interests—along with four other bills dealing with the Chicago transit situation—was loaded with eleven amendments today.

These amendments, tacked on by members of the house committee on municipalities, are designed to safeguard the city from the possibility of being forced into granting perpetual franchises.

McDonough Coming Home.  
Ald. Joseph B. McDonough, chairman of the council transportation committee, who led the fight for amendments, returned to Chicago tonight to appear at a special council meeting tomorrow to ask for aldermanic approval of the amendments and suggestions for more, if deemed necessary.

One of the most important of the amendments added today was one offered by Representative Schnackenberg by which the city council, in a franchise ordinance passed under this bill, may define under what specific terms the franchise may be terminated for "misuser or nonuser."

**Defines Misuser and Nonuser.**  
Under the original bill what constitutes "misuser or nonuser" is left to the discretion of the courts. This amendment was amended to provide (in addition to giving the council power) that the courts can go outside the specific acts of "misuser and nonuser" to terminate the franchise on their own authority.

Schnackenberg also pointed out that while the bill permitted the city to buy the transit properties the companies could block a sale by refusing the price offered, even if the city had the cash in hand. He then added an amendment, which was adopted, giving the city the right to fix in the ordinance grant the method of valuing the property for city purchase, and also fixing the terms and conditions of such purchase. The original bill provided that the indeterminate franchise would be subject to future legislation by the general assembly.

Representative David I. Swanson had an amendment adopted prohibiting subsequent acts of the legislature from changing the price and method of purchase or interfering with ordinance sections defining causes for terminating the grant.

**Enforced by Mandamus.**  
An amendment by Charles A. Griffin of Chicago permits the city to enforce the provisions of an indeterminate grant "by mandamus or other appropriate proceedings." This also was adopted.

Schnackenberg also made it optional with the city to grant either an indeterminate franchise or one for a fixed term not exceeding 40 years. That suggestion was rejected by the senate.

It was adopted by the house committee. Ald. Arvey urged that no limit be placed on the number of years a city may grant a fixed term franchise.

**Grant Fixed Term Franchise.**  
"You are asking that the city have the right to grant a fixed term franchise for say 200 years," commented Schnackenberg. "No, no," chorused several legislators.

Two other amendments were adopted as proposed by Schnackenberg providing for a referendum on a fixed grant of more than 20 years and on any indeterminate grant prescribe the form of the question on the little ballot.

The next amendment by Representative Griffin makes it optional with the city to provide for amortization in its ordinance franchise.

**Barometer Fare System.**  
Still another amendment intended to provide for a barometer system of fares in indeterminate permits was drafted by former Corporation Counsel Busch for the City club and Patrick J. Lucey, attorney for the companies.

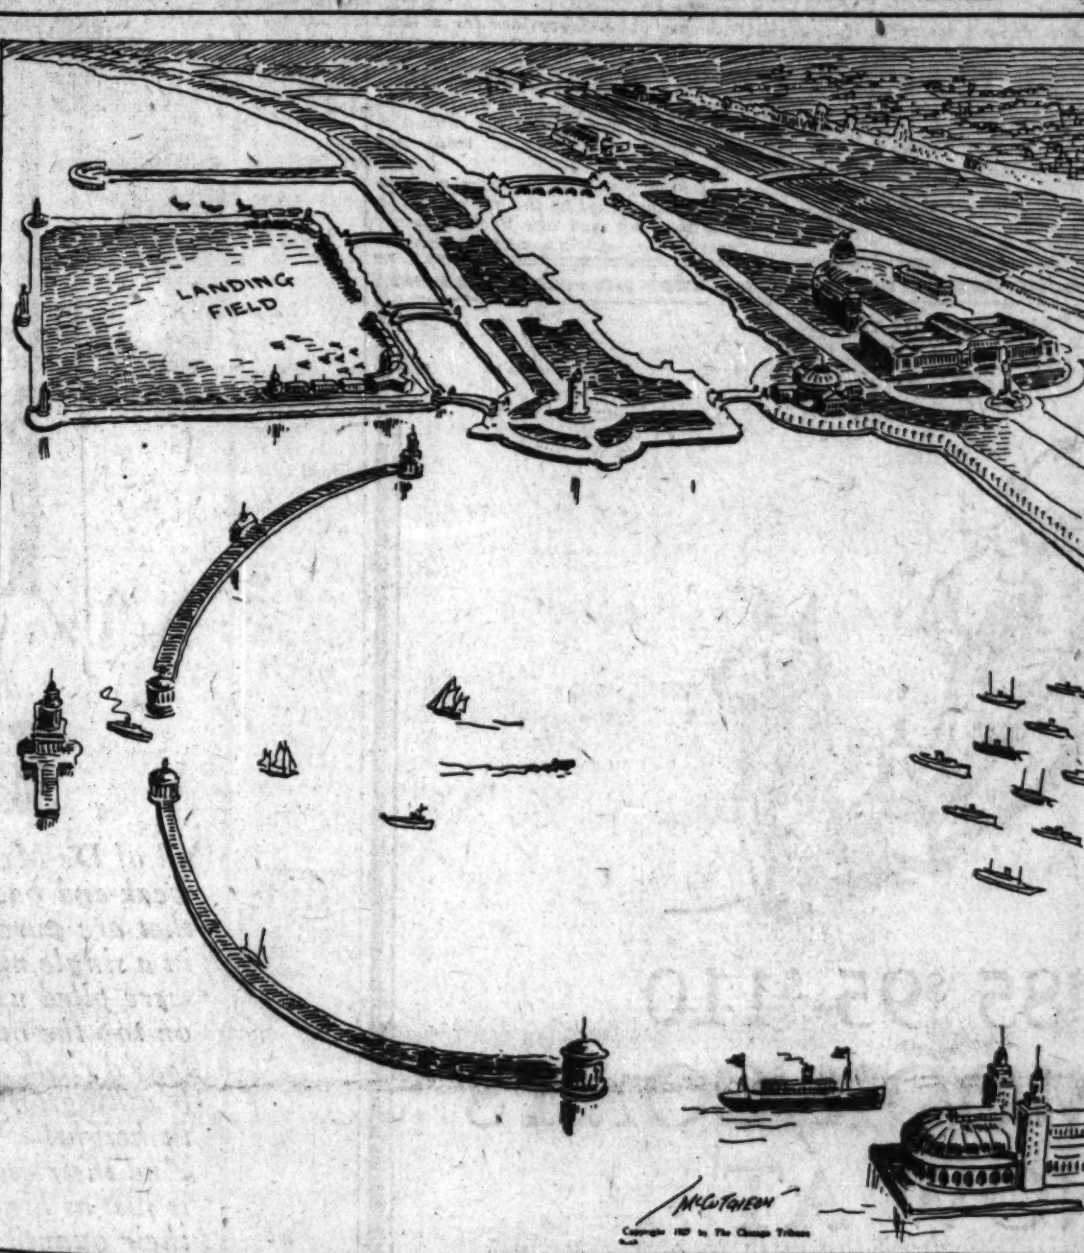

The other amendments were on technical phrasings of the bill.

The amendments all went through the committee without a dissenting vote or without a protest.

This caused some comment among Chicago members, as it is known that some of the downtowners have declared shares.

(Continued on page 14, column 4)

### TWO BILLS, NOW PENDING IN THE LEGISLATURE, WOULD GIVE CHICAGO THE GREATEST AND MOST ACCESSIBLE AVIATION FIELD POSSESSED BY ANY LARGE CITY IN THE WORLD

### MAITLAND LANDS IN OKLAHOMA ON PACIFIC FLIGHT

Muskogee, Okla., June 17.—(AP)—A triplane motorized Fokker airplane arrived at Hat Box field here last night piloted by Lieut. Lester Maitland, noted army air racer. It was understood the plane would continue to the Pacific coast today.

No announcement was made as to the next point on Lieut. Maitland's itinerary, but it was thought he would stop at Dallas, Tex.

[Local. Maitland was reported as having left Wright field at Dayton, O., early yesterday.]

### HUSBAND HIT HER, SAYS PROTEGE OF B. T. WASHINGTON

Mrs. Bindley C. Cyrus, adopted daughter of the late Booker T. Washington, noted Negro educator, applied to the Domestic Relations court yesterday for a warrant against her husband, an undertaker at 5377 Indiana avenue, whom she charged with non-support. She exhibited a bruised eye, telling Miss Irene Underlier, chief of the domestic bureau, that her husband struck her. Cyrus refused to make any statement, because he had not been served with the warrant, issued by Judge Joseph Burke. Mrs. Cyrus was a niece of Mrs. Booker T. Washington, and adopted in the family.

### THE WEATHER

FRIDAY, JUNE 17, 1927.

Summit, 5:14; sunset, 8:25. Moon rises at 10:51 p. m. today. Jupiter is the morning and Venus the evening star.

Chicago and vicinity—Unsettled Friday and Saturday, occasional showers; moderate temperature; moderate to fresh winds, mostly southeast.

Illinois—Unsettled Friday and Saturday, occasional showers and local thunderstorms; not much change in temperature.

**TEMPERATURES IN CHICAGO**

Precipitation, none; excess since Jan. 1, 1.27 inches.

Barometer, 8 a. m. 30.26; 8 p. m. 30.11.  
Highest wind velocity, 10 miles an hour from the southeast at 8:49 a. m.

[Official weather table on page 29.]

### 'L' Union Votes Officers Power to Call Strike

With only thirty-one dissenting ballots, conductors and motormen of the elevated lines voted yesterday to empower the officers of their union to call a strike if, in their opinion, a satisfactory wage agreement cannot be reached without such drastic action. The number of votes cast for the proposition in an all-day election was 4,317.

On June 9 the street car men's union, composed of the trainmen working for the surface lines, voted, the same authorization to their officials. Ballots cast for the proposal numbered 11,951; against it, 162.

**Mahon Directs Fight.**  
William D. Mahon, international president of the combined elevated and surface lines, is in Chicago and will lead the fight for a raise in pay. It was indicated that a solution agreeable to both groups must be reached, otherwise a general strike that will tie up Chicago's transportation completely may be called.

The elevated employees, headed by Frank E. Lawrence, now receive 77 cents an hour. They are demanding an increase of 15 cents an hour, as are the surface lines men, who now receive 75 cents. The street car men's union also demands that each man be given a \$1,000 insurance policy, which has already been granted the elevated workers.

**Far Apart in Figures.**  
When negotiations were first opened several weeks ago the executives of the lines asked that the men accept a cut of 5 cents an hour. The figures on both sides were regarded as merely an opening basis for discussion.

At present neither the "L" lines nor the surface lines have any written agreement with their employees. The agreement on the elevated lines expired in May and the surface lines picked Mr. Hutchinson's hat and also his scalp. A physician assured him the hat had saved his life.

**Hit by Skyscraper Tile;**  
**Straw Hat Saves Life**  
(Picture on back page.)

Herman Hutchinson, 23, of 4819 Bloomingdale road, has discovered at least one good reason for the wearing of a stiff straw sailor. As he was passing the Pittsfield building, under construction at Washington street and Wabash avenue, yesterday a piece of the so-called down from the 25th floor, striking Mr. Hutchinson's hat and also his scalp. A physician assured him the hat had saved his life.

**IT'S DOCTOR THOMPSON  
NOW; NEGRO COLLEGE  
GIVES I. D. BY PROXY**

Xenia, O., June 16.—[Special.]—Mayor William Hale Thompson of Chicago received the honorary degree of doctor of laws by proxy from Wilberforce university, oldest and largest Negro university, at its 64th commencement exercises. Thompson was represented by Bishop Archibald J. Carey, a Thompson civil service commission appointee.

Wilberforce honored Thompson because of his interest in human uplift and food relief, and his attitude to the Negro race.

A similar degree was conferred on U. S. Senator S. D. Fess, commencement orator. Three hundred students received diplomas.

### FIRE WRECKS 30 MORE MACATAWA PARK COTTAGES

(Picture on back page.)  
A rapidly spreading fire—the second in the same group of cottages in the last two months—yesterday caused damage estimated at \$180,000 at Macatawa park, summer resort five miles west of Holland, Mich.

Almost at the same time, two men charged with starting the previous fire were found guilty of arson and sentenced to spend five to ten years in the Michigan state prison at Jackson.

Yesterday's fire, it was established, was due to accident. Mrs. M. J. Cook of Holland, preparing her cottage for the summer, tossed old rags into a fireplace and started a blaze she was unable to quench. Fire fighting apparatus from Holland and other nearby towns was summoned, but efforts to save the remaining cottages on the lake front were unavailing.

In the earlier fire thirty-three houses were destroyed. Thirty more went up in smoke yesterday. Walter Brooks of Chicago, was one of the owners whose loss will be heavy. Several other Chicagoans owned cottages.

**Will Rogers, Comedian, to Undergo Operation Today**  
Hollywood, Cal., June 16.—[Special.]—Will Rogers' illness took a serious turn tonight, and the comedian will undergo an operation tomorrow. Rogers became ill the day after his arrival here early last week. His illness was at first diagnosed as acute indigestion. He was removed to California Lutheran hospital today and preparations have been made for an operation on the gall bladder.

**MARY PICKFORD GUARDED TO FOIL KIDNAPING PLOT**  
Beverly Hills, Cal., June 17.—(AP)—A police detail today guarded the home of Douglas Fairbanks and Mary Pickford following reports that plans to abduct the actress were under way.

The report to the police was to the effect that one of the men, seated in an automobile during the filming of a street scene featuring Mary Pickford yesterday afternoon, was heard to remark, "There she goes. She'll be worth \$100,000 to us."

Hollywood and Beverly Hills police cooperated in guarding Miss Pickford's car as she drove home from the studio.

**George Dugdale Shot as He Aids Friend in Holdup**  
George Dugdale, well known police character and beer runner, was shot in the abdomen and slightly wounded last night while assisting William Cavanaugh in resisting an attempt by two armed men to hold up the soft drink parlor at Cavanaugh at 953 West 43d street. Arthur Smith, one of the two would-be holdup men, was captured.

### Act to Strip Bundesen of Smoke Power

#### Health Commissioner Herman N. Bundesen, who for five years has led an unceasing fight to abate the smoke evil, faces the prospect of being stripped of his authority as a result of action yesterday by the council's committee on judiciary.

After less than a day's notice, the committee recommended a change in the city code, transferring smoke abatement activities from the health department to the department of steam boiler inspection, headed by George E. Nye, a new appointee of Mayor Thompson. In effect, the change would sever Dr. Bundesen from all connection with the anti-smoke campaign.

**A Surprise to Bundesen.**  
"This is a complete surprise to me," said the commissioner last night, when asked for a comment. "I have not been consulted and had no intimation of the move." He added that he preferred not to discuss it until he studies it.

The code revision was presented in the council Wednesday afternoon by Ald. Oscar F. Nelson (4th), chairman of the judiciary committee and regarded as one of Mayor Thompson's spokesmen. It was approved by the committee yesterday morning.

Ald. Nelson explained that the revision was an administrative proposal simply to increase efficiency by eliminating duplication of work.

"Has Dr. Bundesen been consulted about this?" inquired Ald. Wiley W. Mills (37th). It was admitted that he had not. Several other members suggested that Dr. Bundesen be heard from, but Ald. Mills alone voted no on the measure.

**Campaign Shows Progress.**  
The work of ridding the city of its past of soot and cinders was placed in the health department in 1919. After his appointment in 1922 Dr. Bundesen pushed the activity, increased the number of inspectors to twenty-eight, established 17 observation stations, and ordered vigorous prosecution of smoke violators. He had announced the smoke drive as the chief objective of the health department for 1927. As a result of his efforts, atmospheric tests show, Chicago was rapidly reducing the smoke content in its air.

A warm fight is predicted over the code revision on the floor of the council, as several aldermen, not on the committee, as well as Ald. Mills, said they would demand report from Dr. Bundesen on the plan and a thorough investigation before giving it their approval.

**REPORT CHAPLINS HAVE REACHED DIVORCE ACCORD**  
Los Angeles, Cal., June 17.—[Special.]—Charlie Chaplin is about ready to settle his differences with his wife, Lita Gray Chaplin, for \$100,000. It was reported here tonight. Negotiations toward an out-of-court settlement are said to have been resumed in New York.

The plan calls for a "cut and dried" divorce trial in Superior Judge Rogers' court here on Aug. 23, with the elimination of the usual sensational accusations in favor of a charge either of simple desertion or cruelty.

While declining to admit negotiations were under way, attorneys for both sides tonight expressed the hope that such a settlement could be reached. Mrs. Chaplin, it is understood, will have the custody of the two children.

**MARY PICKFORD GUARDED TO FOIL KIDNAPING PLOT**  
Beverly Hills, Cal., June 17.—(AP)—A police detail today guarded the home of Douglas Fairbanks and Mary Pickford following reports that plans to abduct the actress were under way.

The report to the police was to the effect that one of the men, seated in an automobile during the filming of a street scene featuring Mary Pickford yesterday afternoon, was heard to remark, "There she goes. She'll be worth \$100,000 to us."

Hollywood and Beverly Hills police cooperated in guarding Miss Pickford's car as she drove home from the studio.

**George Dugdale Shot as He Aids Friend in Holdup**  
George Dugdale, well known police character and beer runner, was shot in the abdomen and slightly wounded last night while assisting William Cavanaugh in resisting an attempt by two armed men to hold up the soft drink parlor at Cavanaugh at 953 West 43d street. Arthur Smith, one of the two would-be holdup men, was captured.

**Slips Away for Plans.**  
The young pilot ignored his bed in order to slip away from a function in the early hour yesterday morning and fly to Washington for his own plane. He returned a little more than four and one-half hours later, still clad in his evening clothes, and hopped into a motor for Manhattan, where, without halt, began the final events of his program.

Col. Lindbergh last night went directly to the apartment on Park avenue, where he is stopping, from his concluding engagement, a supper at the Hotel Warwick given by William Randolph Hearst. At 6 a. m. he will motor to Mitchell field on Long Island.

**Will Not See Reed.**  
The trans-Atlantic pilot had laid out a schedule for the flight calling for ten hours in the air. This means he will not attempt to smash his own record for the St. Louis-New York distance, but will sail along. The flyer will have typical Lindbergh weather. Favoring skies and winds will be with him until he reaches the middle west, when he is likely to encounter cloudy skies and rain, according to weather forecasts.

Col. Lindbergh should be over Wright field at Dayton before noon. At the Ohio air post a string of 21 pursuit planes will rise to join him. They will escort him on to Lambert field, St. Louis. The escorting planes will be in command of Maj. Thomas Lamplugh, U. S. A. They arrived at Dayton late yesterday afternoon.

**Line Streets for 23 Miles.**  
The last day in New York was a strenuous one. It was devoted to Brooklyn and to Long Island. Col. Lindbergh rode through twenty-two miles of Brooklyn streets, lanked by school children and their parents numbering approximately 700,000. The youngsters' greeting to their hero outdid the din of the uproarious reception accorded the trans-Atlantic flyer when he came to New York last Monday.

The colonial guests bled at ceremonies in Prospect park, where the largest single crowd of the program had assembled. He spoke again at a luncheon and then whirled out to Roosevelt field, the starting point of his trip to Paris, where he addressed yet another throng. Two more functions, at one of which he received the Orteig prize of \$25,000 which he won by his Paris flight, and a dinner by his companions of the airways completed his schedule. The Hotel Warwick supper was an added attraction.

**Receives \$25,000 Check.**  
The presentation of the \$25,000 Orteig prize check took place at the Brevoort at a tea late yesterday afternoon. Raymond Orteig, owner of the hotel, a native of France, handed him the check illuminated and engrossed on vellum

tion of most aviators to that flight. The offer was nothing more nor less than a challenge to pilots and engineers in aeronautics to see whether they could build and fly a plane from New York to Paris.

"I do not believe that any such challenge, within reason, will ever go unanswered."

**One Event After Another.**

The flyer went from the Brewster to his apartment where he changed to dinner clothes. He motored to the Hotel Roosevelt, where he was greeted by alumni of the University of Wisconsin, which he attended for a time. Leaving there, Lindbergh went to the Waldorf-Astoria, where he was the guest of the Aeronautical Chamber of Commerce, where speakers, Charles M. Schwab among them, praised his flight as having done more to advance the cause of aviation than any other contribution.

At the dinner, Col. Lindbergh said: "I want to express appreciation for this reception. I understand that there are 600 here directly interested in aeronautics, or connected with aviation. There are a thousand who may be harmful to aviation in the stimulation it has received recently, that I would like to speak about."

**Warns of Wildcat Promotion.**

"The first is: This is an ideal time for wildcat promotion, from which aviation has suffered too much in the past. Each of you should watch out for it and guard against it. We have had too much of that in the past. It is up to each of you to watch out for it and to guard against it."

"The second thing is: There are a large number of prizes being offered for different types of flights. Some of them are practically most of them are—but some of them are not. I would like, therefore, to suggest that for any prize flight a capable committee should be selected to investigate the capability of the plane, the equipment and the pilots for the flight."

"I could not very well miss Europe in my flight because of the way it is laid out. However, other overseas flights are more difficult and should not be attempted without radio or celestial navigation, or both."

"In my flight from New York to Paris, a great number of people and industries were represented. I don't know how many there were, but I am sure they were almost all American."

**Praises Designer of Plane.**

Col. Lindbergh then gave another illustration of his modesty and desire to give full credit to others, which have marked him since he became famous, by referring to Donald Hall, designer of his plane.

"I am leaving New York Friday morning," continued Col. Lindbergh, "without being able to remain as long as I would like. After a few days in St. Louis, and two weeks, I hope, in Canada or some place like that, I am coming back and hope to have a chance to go around the city and meet some of my old friends."

**Plan Memorial of Flight.**

Lindbergh was almost mobbed by his admirers during his second visit to Roosevelt field yesterday afternoon. Two hundred police were unable to control the crowd of 25,000 persons. In the resultant confusion ten persons fainted.

Before the colonel's arrival Dr. J. Carl Schmuck, president of the Nassau County Bankers' association, told the crowd that \$50,000 already had been raised to erect a memorial on the spot from which Lindbergh took off on his memorable flight to Paris.

**INVITED TO CHICAGO.**

Four of Col. Charles A. Lindbergh's old friends are to fly down to St. Louis this morning to greet the world's hero and to invite him to come, at a date convenient to him, to be the guest of the Maywood Post of the American Legion.

"Tony" Yackey, president of the Yackey Aircraft company and Robert Hoffman will hop off from Checkerboard field this morning at 10 o'clock in a ship called "Spirit of Maywood." Tom Nelson, one of Lindbergh's closest friends from the old air mail days, and Frank D. Chase, Chicago engineer, will be in another ship.

**2 BRITISH FLYERS KILLED IN CRASH; TOLL FOR YEAR 27**

(Chicago Tribune From Service.)

LONDON, June 16.—Two royal air force aviators, Flight Lieut. Humphrey W. Bages and Flying Officer Sydney F. Bell of the central flying school at Stamford, crashed to earth today following a spiral nose dive at too low a speed to permit their machine to right itself a short distance from the ground. This brings the total British air death toll to twenty-seven for this year.

**In a Flash! SPIC**

**ENDS Body Odor**

[Mail Coupon for Sample Can]

SPIC is pure, very fine, soothing, snow-white powder... which instantly destroys the odor-causing acids of perspiration. Keeps skin fresh and rosy. Soothing to the skin. Friendly to fine fabrics. Apply freely and as often as you wish to all perspiration centers, armpits, feet, etc. Instantly effective. At all drug stores. Or mail coupon—with 10c—for sample can.

**To Test Spic Mail This**

SPIC LABORATORIES, Inc., Dept. 16-F  
160 N. Western Avenue, Chicago, Ill.  
Please send me one free sample can Spic (enclosed size). I enclose 10c for packing, mailing, etc.

## NELSON DENIES OPPOSING CAR BILL CHANGES

**Says He Moved Adoption of Council Resolution.**

Ald. Oscar F. Nelson (48th), with a view of clarifying his position on the pending transit bills, announced yesterday that he concurs in the resolution sent to the legislature by the city council demanding amendments to the legislation.

In a statement commenting on the Transit Commission's report of the council's action, Ald. Nelson protested because he was listed as an objector to the adoption of the resolution. As a matter of fact, he said, he approved the measure and later moved its adoption.

The resolution, introduced by Ald. Leonard J. Grossman (5th), charged that the state senate "has ignored every safeguard the council has asked," and emphatically warned the legislature to pay heed to amendments protecting the city's rights. It was adopted unanimously after Ald. Grossman had assailed the bills as "legislative straight-jackets."

"This Transit report, in so far as it represents that I objected to the Grossman resolution, is not in accord with the facts," Ald. Nelson said.

**Explains His Position.**

"The facts are that immediately

after Ald. Grossman introduced his resolution and addressed the council thereon, I took the floor and stated that I favored adoption of the resolution without reference to a committee, because it was a duplication and a reiteration of the resolution adopted by the committee on local transportation some weeks ago.

"I concluded my remarks by making the motion that the resolution be adopted, and the chairman, Mayor Thompson, stated if there were no objections the resolution would be passed in the 'omnibus.' No other member of the council attempted to discuss the resolution, so I am at a loss to understand what foundation there is for the statement that I received no support.

"At the local transportation committee meeting two weeks ago I outlined the amendments to the transit bills that I believed the council should demand. Together with Ald. Guernsey and Ald. Arvey, I drafted the resolution containing suggested amendments, which was signed by 15 members of the council. The Grossman resolution was a reiteration of that position.

**Not an Objector, He Says.**

"I feel sure that Chairman McDonough and others will verify the statement that I make with reference to my activity in having the council take a definite position for amendments to the transit bills. I am sure that every member of the council at Wednesday's meeting will also verify the statement that I not only concurred in the Grossman resolution but that I moved its adoption.

"It is difficult for me to understand why I was listed as an objector to the resolution. That statement is a serious mistake because it places me in a decidedly wrong light before the public of Chicago after the efforts that I have put forth to have the council clearly define its position on the bills."

"This is the most important public question now before the council and I am anxious that my record thereon be quoted correctly."

## 11 AMENDMENTS TIED TO CHICAGO TRANSIT BILL

**All Changes Designed to Protect Public.**

(Continued from first page.)

they will vote against the bills and the amendments on the floor.

Senate bills 439 and 440 are yet to be considered by the committee. Bill 439 confers the power to consolidate several local transit facilities. To that bill McDonough has one amendment which would permit any local transit company to do the merging, instead of the elevated roads alone, as provided in the original bill.

Representative Roy Juul has four amendments. The purpose of the amendments is to prevent an interstate commerce road from getting control of the local transportation system of Chicago.

Senate bill 440 provides for a local transit commission in Cook county to supervise the proposed system. McDonough has three amendments to that bill. One of them seeks to take the commission from under the control of the state department of trade and commerce.

Another would have three commissioners appointed by the mayor, one by the governor and one by the county board. The other amendment seeks to

## PUT FLOYD COLLINS' CASKET ON EXHIBITION IN HIS CRYSTAL CAVE

Horse Cave, Ky., June 16.—(UP)—The body of Floyd Collins, who was trapped in Sand cave twenty-eight months ago, has been removed from its grave over-Crystal cave and placed in Grand Canyon avenue of that cave. "It's there if any body wants to see it," Mrs. Harry Thomas, wife of Dr. Harry Thomas, owner of Crystal cave, said today.

Brothers of Collins were reported seeking legal action to prevent exhibition of the casket. Mrs. Thomas said "It's in the deed" by which Dr. Thomas purchased the cave from the Collins family that the casket was to be placed in the cavern. Collins discovered Crystal cave some years before he lost his life.

take control over the commission away from the governor.

To this bill Representative Juul has ten amendments. The two objects of all of them are to prevent the proposed local transit system from ever getting under the control of the interstate commerce commission at Washington, and take the district commission from under the control of the governor of Illinois. He would have the mayor appoint four and the county board one.

MAN, 65, DIES ON STREET CAR. An unidentified man about 65 years old dropped dead yesterday on the rear platform of a Union avenue street car at 65th street. The body was taken to undertaker rooms at 6843 South Racine avenue.

## ST. LOUIS PUTS ON HOLIDAY ATTIRE TO GREET HERO

St. Louis, Mo., June 16.—(UP)—St. Louis was in holiday attire of flags and bunting tonight, awaiting the return tomorrow of the city's hero of the air, Col. Charles A. Lindbergh.

Plans were complete to give the flyer the greatest home-coming welcome ever accorded a St. Louisan.

About 3:30 p. m. tomorrow is the time set for Col. Lindbergh's arrival from New York in his monoplane, Spirit of St. Louis, escorted by twenty-eight government planes. After crossing the Mississippi river, Lindbergh is to wing westward over the city at a low altitude and land at Lambert-St. Louis field.

Lindbergh will be greeted by Mayor Victor Miller, Edward Hiden, chairman of the welcome committee, and three backers of his New York to Paris flight, Maj. Albert Bond Lambert, and others.

After the brief and informal welcome is completed, Lindbergh will be taken to Knigh's home in St. Louis county, where the flyer's mother, Mrs. Evangeline Lindbergh, also is a guest. Mrs. Lindbergh arrived this afternoon in a private railroad car.

MAN, 65, DIES ON STREET CAR. An unidentified man about 65 years old dropped dead yesterday on the rear platform of a Union avenue street car at 65th street. The body was taken to undertaker rooms at 6843 South Racine avenue.

## PEKING EXPELS MANCHUS AND TURNS LIBERAL

Chang Dictator, but on Moderate Platform.

BY CHARLES DAILEY.  
(Chicago Tribune From Service.)  
(Copyright, 1927, by The Chicago Tribune.)  
(Picture on back page.)

PEKING, June 16.—Marshal Chang Tso-lin assumed the dictatorship of his part of China today under the title of generalissimo, with the purpose of remaining indefinitely at Peking, carrying on the war against the communists and welcoming all willing to join that fight.

Out of the wreckage of the Manchurians a new party was born under the title of the new Nationalist party, with Pan-fu, former minister of communication, as chief. The former premier, Dr. Wellington Koo, strung by the disaster of his hopes, resigned, also resigning as foreign minister. The followers of the Manchurians are eliminated from the other offices yet to be filled.

**Invite Moderates at Nanking.**  
This victory for the Shantung leaders, Gen. Chang Chung-chang and Marshal Sun Chuan-fang, was followed by pronouncements inviting Gen. Chiang Kai-shek, leader of the Nanking government, and Yen Hsi-shan, governor of Shanxi province, to join them in the war upon communism as represented by the Hankow government and Gen. Feng Yu-hsiang. The program calls for the equality of the four classes: scholars, merchants, farmers, and workers. It declares also for cooperation of labor and capital, development of culture and resources and unqualified opposition to communism and class conflict.

**Names Two Governors.**  
Hankow telegrams report that the government there appoints Gen. Feng Yu-hsiang governor of Kansu, which, with Shansi province already controlled, surrounds the model governor who lately has been flitting with both factions.

Although it is too early to judge, the general impression appears to be that this new party seeks to retain the old party at Peking, yet makes concessions with a view to weakening the Nationalist party founded by the late President Sun Yat-sen.

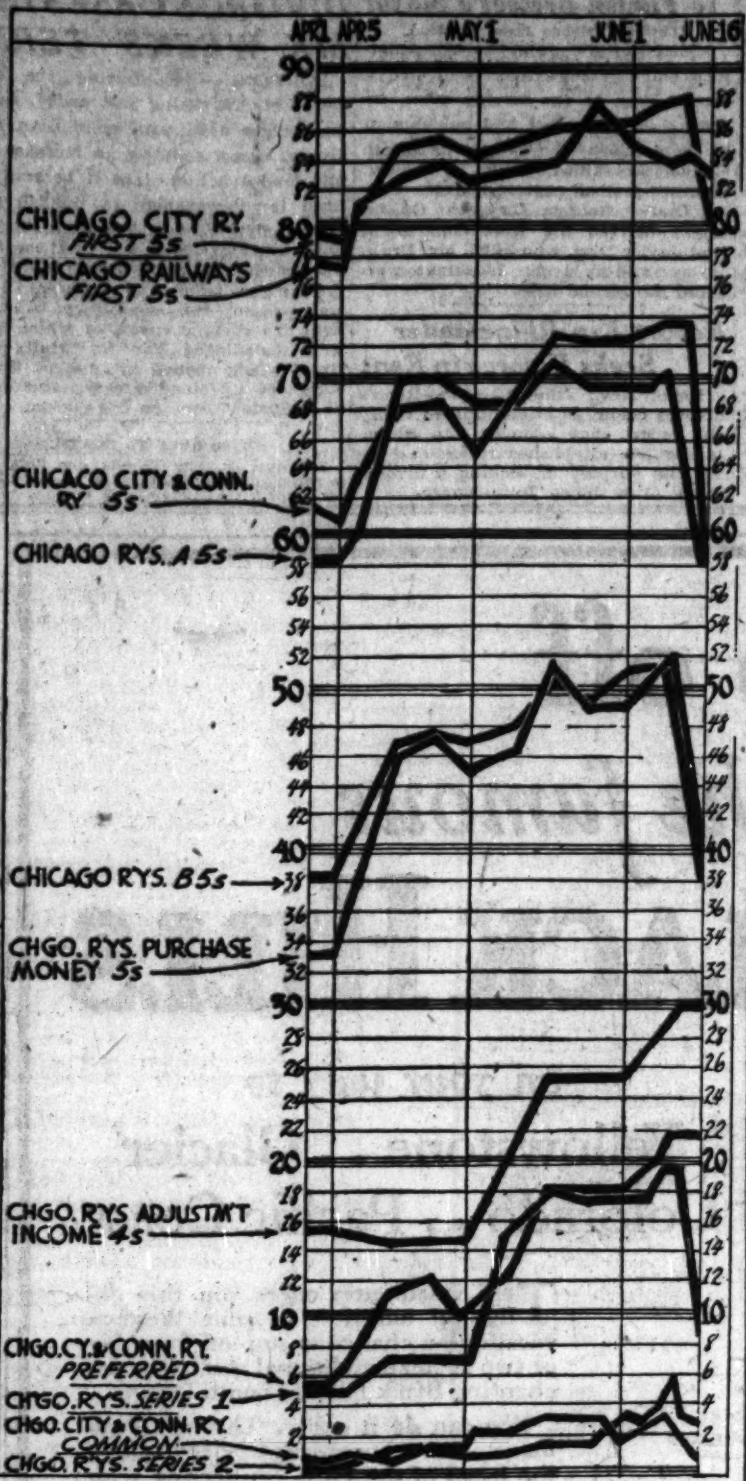

Little fighting is going on, but the Nanking columns are steadily fling into Shantung province via Hankow with a view to a flank attack upon the capital, Tientsin, via the Shantung railway, which the Japanese are determined to keep open.

### TO DEAL WITH U. S.

BY JOHN POWELL.  
(Chicago Tribune From Service.)  
SHANGHAI, June 16.—C. C. Wu, foreign minister of the Nationalist government of China, announced today that the Cantonese government will dispatch an unofficial agent to Washington in the person of Foo Tsin-sheng, who will cooperate with Alfred Sze in an attempt to settle the Nanking incident directly with Washington authorities. Foo has been commissioner of foreign affairs at Nanking.

Gen. Chiang arrived at Suochow yesterday, lending the belief that the nationalists have smoothed out their differences with the Hankow faction respecting the northern advance and that the chief burden of defeating Marshal Chang Tso-lin should be shouldered by Gen. Chiang and Gen. Feng Yu-hsiang, acting in unison on a drive directly north along the Tientsin-Pukow railway, hoping to force out Marshal Chang's forces.

## RISE AND FALL OF TRANSIT STOCKS

## STOCKS REFLECT COURSE OF CITY CAR LEGISLATION

Prices Fall as Fight on Bills Grow.

The movement of local transportation stocks and bonds during the last few weeks has been interesting, in view of the varying prospects for new traction legislation in the general assembly. The rise and fall of these securities is demonstrated by the accompanying diagram covering the period since the transit interests sought to obtain new franchises without the consent of the city and since public sentiment was aroused by the attempt.

One of the most important movements in these securities took place in the preferred stock of the Chicago City and Connecting Railway. Along about April 1 it sold at \$8 a share, while the common stock was quoted at less than 50 cents a share.

**Price Doubles After Election.**  
A couple of weeks after the city election on April 5 the preferred stock doubled its price to 10 as reports were given out that the new city administration would not stand in the way of the traction leaders. By June 1 the stock had gone to 17 1/2, and by June 8 it sold at its highest price in years, when it touched 19 1/2.

By this time the newspapers discovered that unless vigorous protests were made the enabling bills before the legislature would be jammed through, leaving the city out in the cold so far as control over local transportation is concerned. The protests were reflected in the stock market as the decline of most of the issues started.

**Other Fluctuations Shown.**  
Chicago City and Connecting Railway 5 per cent bonds started up around April 1 from 60 1/2 and had advanced over 12 points by June 8 to 73 1/2, from which point they had dropped 1 1/2 points by yesterday, when they rallied 6 points. Chicago Railway series B 5 per cent bonds closed yesterday at 41 1/2 after dropping to 38, a loss of 13 points from the high in the movement. Chicago Railway purchase money is dropped to 38 after selling as high as 51 1/2. Chicago Railway company A 5s, which jumped from 58 to 70 between April 1 and June 8, sold down to 58 yesterday and closed at 62.

## \$3,890,000 PAID BY GOVERNMENT FOR SITE OF P. O.

Deal with Field & Co. Is Completed.

U. S. District Attorney George E. Q. Johnson, acting for the government, yesterday gave a check for \$3,890,000 to Marshall Field & Co. for the site of the new postoffice, which will be on the two blocks between Harrison, Polk, Canal and Clinton streets.

The transfer of the property took place in the office of the Chicago Title and Trust company, title to the property being conveyed to the government, thereby ending negotiations that have been under way for several years.

**Long Sought By Madden.**  
Congressman Martin B. Madden, chairman of the appropriations committee, had been trying for several years to induce congress to provide for a new and modern postoffice for Chicago. He secured an appropriation of \$1,250,000 for it in 1908 and in 1912 an additional half million dollars, but because of the vast increase in property values the combined sum was inadequate. In 1924, Congressman Madden had added \$2,500,000 more for the property, or \$4,000,000 in all.

Now the government officials and business interests are anxious that sufficient funds be provided for the proper kind of building. James Simpson, head of Marshall Field & Co. and president of the Chicago Title company, which approved the selection of the site, emphasized this need in a statement issued after the transaction was completed.

**Praise from Mr. Simpson.**  
"The people of Chicago owe a debt of gratitude to Mr. Madden, who has worked so persistently and long to secure this needed improvement for the city," he said. "We must now do all that can be done to assist and support Mr. Madden and other government officials in securing sufficient appropriations looking toward the early beginning of the new postoffice building."

## HONOR ED HOWE ON HIS PAPER'S 50TH BIRTHDAY

Atchison, Kas., June 16.—[Special.]—Senator Arthur Capper of Topeka and William Allen White of Emporia were speakers tonight at a dinner tendered to Ed Howe, former editor of the Atchison Daily Globe, by his fellow townsmen on the fiftieth anniversary of the paper he founded.

Three hundred persons were present at the dinner. Heber Mine, president of the Atchison chamber of commerce, presided as toastmaster. Many Kansas and Missouri newspapers sent representatives to attest the popularity of the "Sage of Potato Hill."

Mr. White credited Mr. Howe with having given him the incentive to write when as a boy of 18, at work in a printing office, he read the older man's novel, "The Story of a Country Town." Senator Capper told of his long friendship with the Atchison editor and dwelt on the earlier history of Kansas journalism.

## JOLIET JURY IS UNABLE TO LEARN WHO KILLED RIZO

(Picture on back page.)

A coroner's jury at Joliet yesterday was unable to determine who fired the shot that killed Gregorio Rizo as he and three other men, all under sentence of death, attempted to escape from the Will County jail on Monday. The verdict was "death due to bullet wounds inflicted by persons unknown."

Several of the prison guards fired at Rizo and his companions. So did John L. Ball, a vagrant who was passing the jail and who seized a pistol from a guard to join the affray on the side of the authorities. Ball testified that he fired six times and that two of his bullets struck the automobile in which the prisoners, holding Sheriff Albert Markgraf as a hostage, were trying to drive away.

Two of the men, who were sentenced for the murder of Peter Klein, a deputy warden at the Joliet penitentiary, were recaptured. They are Walter Stalsky and Charles Duchovsky. The fourth, Charles Shader, escaped. Robert Torres, fifth convict sentenced for the Klein murder, did not attempt to escape.

**HARDWARE DEALER ROBBED.**  
Adolph Silvers, 1544 Independence boulevard, was robbed of \$100 last night by two armed men in his hardware store at 728 South California avenue.

## MASSMEETINGS CALLED TO FIGHT TRACTION BILLS

Massmeetings are to be called in the leading wards of the city early next week to crystallize and register Chicago's opposition to the five pending traction bills. It was announced last night by leaders of a citizens' committee, made up of leading civic bodies, which is to be organized tonight. Attorney William H. Holly is chairman and Attorney S. J. Koenekamp secretary of the citizens' committee.

In the citizens' committee are to be represented the City club, the Public Ownership League, Chicago Teachers' association, Cook County Real Estate board, and the Illinois Federation of Labor, all of which have been lobbying against the bills.

## Dartmouth to Give LL.D. Degree to U. of C. President

Dartmouth college will confer the degree of LL.D. on President Max Mason of the University of Chicago next Tuesday in recognition of his contributions to science and education. It was announced yesterday. President Mason's oldest son, William, who is graduating from Dartmouth this year, will receive his A. B. degree at the same convocation.

## BYRD WAITS ONLY GOOD WEATHER FOR HOP TO PARIS

Flyer May Take 4th Man  
as Passenger.

New York, June 16.—[Special]—The next fortnightly flight to Europe is expected to take place within two or three days, when Commander Richard E. Byrd's three motored plane hops off from Roosevelt field for Paris. The plane is ready and Commander Byrd is merely waiting for good weather. Weather over the Atlantic will be unfavorable tomorrow and Saturday.

This flight to Europe will be the first in a multi-motored plane. Both Lindbergh's and Chamberlin's planes were single motored ships. In the first only one man flew, in the second there were two, and in Commander Byrd's big Fokker there will be three and possibly four persons. The fourth may be taken as a passenger.

May Blase Way for Future.  
The flight has a greater scientific interest to flying men than the others, for although Lindbergh's and Chamberlin's flights were great achievements, they are regarded primarily as demonstrations of the progress in airplane construction, motor design and improved navigating instruments in the last few years. Col. Lindbergh has said he will watch the flight of the Byrd plane with great interest because he and other flyers and designers believe that the trans-Atlantic plane of

## JOHN COOLIDGE HOUSE GUEST AT HOME OF GOVERNOR TRUMBULL

Plainville, Conn., June 16.—(AP)—John Coolidge, son of President Coolidge, out of Amherst college for his summer vacation, is the house guest of Miss Florence Trumbull, daughter of Governor and Mrs. John Trumbull. Miss Trumbull, who was graduated from Mt. Holyoke college a few days ago, took her guest in a sport roadster, her father's graduation gift, to the capitol at Hartford today and called upon the governor.

Governor Trumbull took his daughter and Mr. Coolidge to lunch in the official limousine. The young folks returned to the governor's home in the afternoon after a drive in the country.

the future will have two or more motors.

Not Likely to Fly Back.  
Commander Byrd denied that he had any intention at present of flying back from Paris. The original plan for a flight to France still stands, and any extension of the program will be decided upon after he arrives there. When he arrives at Paris, however, he may have a further announcement to make, he said.

Meantime all supplies have been put aboard Byrd's plane; the radio has been tested. Nothing, apparently, remains but to fill the gasoline tank and start.

## Pedestrian Is Killed by Truck; Toll Is Now 416

Peter Accras, 65 years old, 2117 West 6th street, was struck and fatally injured by a truck yesterday at 67th and State streets. The driver, George Metzendorf of River Forest, was held. This death raised Cook county's 1927 motor toll to 416.

## ITALY GREET'S FOUR CONTINENT FLYER PINEDO

Mussolini Escorts Him to  
Palace in Rome.

BY JOHN CLAYTON.  
[Chicago Tribune Press Service.]  
ROME, June 16.—Commander Francesco de Pinedo, air trotter de luxe, returned to Italy this afternoon after four months of flying over the South Atlantic ocean, the Caribbean sea, the United States and the North Atlantic to his home country.

First to greet him as he stepped ashore was Benito Mussolini, Italy's premier. Sig. Mussolini shook hands with the Italian ace and then embraced him on both cheeks. It was the same ceremony with Delprete Zaccanti.

Commander de Pinedo's plane appeared in the skies west of Ostia at 4:50 p. m. Two minutes later his Santa Maria II. touched the water in front of the Ostia bathing pavilion, while sirens screeched, auto horns sounded and more than 100,000 persons shouted the birdman welcome home.

Goes to Home by Motor.  
Commander de Pinedo motored to Rome, arriving shortly after 6 o'clock. The flyer accompanied Premier Mussolini to Chigi palace, where an enormous crowd had gathered to greet him. The people remained massed about

the Piazza Colonna for hours singing Fascist songs and cheering the hero, who was clothed with Premier Mussolini, making a verbal report of his flight.

Tomorrow, or within a few days, Commander de Pinedo will be received by the pope, who, it is understood, will confer a decoration upon him. King George of England has awarded the air force cross to Commander de Pinedo, says a cable received tonight. This is the highest decoration which Great Britain can confer on an aviator. Col. Charles Lindbergh received it when in London.

## Five Purposes of Flight.

According to the Italian air ministry, Commander de Pinedo's flight had five aims. They were: First—the Italians wished to demonstrate that with a relatively antiquated machine it was possible to make a long distance flight. Second—they wished to prove that even with a hydroplane one can fly over long stretches of dry ground. Third—they wished to demonstrate the perfect functioning of Italian made motors. Fourth—they wished to prove that by aerial means one can explore regions otherwise closed to men. Fifth—they wished to show that if forced to land in the sea, this type of plane would be able to live even in rough weather. Commander de Pinedo was able to demonstrate all these points.

## FORD BUILDING PLANE TO CARRY 20 PASSENGERS

Detroit, Mich., June 16.—(AP)—An all metal airplane which would carry 20 passengers is being planned by the Ford Motor company, William B. Mayo, chief engineer for the company, today told representatives of a number of Detroit luncheon clubs gathered to hear an address by Col. H. H. Blee of Washington.

Mayo said the plane would be twice as large as the ship now manufactured by the company, which has a carrying capacity of ten persons.

## LOOKOUTS AGAIN SIGHT FLARES IN WILDS OF QUEBEC

CHICOUTIMI, Que., June 16.—(AP)—Reports from towermen employed in the Lake St. John district stated that they again had sighted last night what they believed were distress signals coming from the direction of St. Germain township. It is in this district that flames previously have been reported, leading to the hope that the signals might come from the missing French aviators, Nungesser and Gail. The towermen were of the opinion that the flames were made by fuses.

## CAN'T KEEP MAN ROBBED, DIVORCED.

Six "speak eases" were closed by prohibition agents on complaint of Mrs. Joanna Black of 608 Washington avenue, who was trying to keep her husband, Arthur C. Black, from drinking. Her attorney, Joseph J. Wilner, told Circuit Judge Thomas J. Lynch yesterday. She was granted a divorce on the ground of drunkenness.

## U. S. Again Asks Mexico to Punish Brewer's Slayer

MEXICO CITY, June 16.—The American embassy here today delivered a second note to the foreign office, insisting on the arrest and punishment of the assassin who two weeks ago in Guadalajara killed Arthur K. Brewer, Harvard football captain in 1916. Consul Dudley Golding Dwyer at Guadalajara notified the state department that Javier Diaz, who killed Mr. Brewer, was still at large. Washington ordered the second note.

## Report Kip Rhinelander Seeks Divorce in Reno

Reno, Nev., June 16.—(AP)—Reno's divorce colony is attempting to verify the report that Leonard Kip Rhinelander has established residence here for the purpose of seeking a divorce from Alice Jones Rhinelander.

## LONDON HAS 700 DIVORCE CASES IN SIX WEEKS' TERM

LONDON, — (AP)—During the six weeks of law sitting just ended, London judges dealt with more than 700 divorce cases, showing an increase in undetected action since it became illegal for newspapers to publish details of divorce news. The term started with a list of 711 cases. Of these 157 were undetected. For the Trinity sittings, which opened on June 14, there were 400 undetected cases and only 73 defended cases on the docket.

## STABBED SELF TO DEATH.

Dubuque, Ia., June 16.—Harmon Bels, 32, a native of Porto Rico, killed himself today by plunging a butcher knife into his body.

# Stop off in the famous BLACK HILLS

on your way to

Yellowstone . . Glacier  
Colorado . . Pacific Coast

THE Burlington offers you this delightful addition to your Western vacation—a chance to stop off for a day or two at small additional cost in the enchanting Black Hills of South Dakota.

You can do it easily. Through Pullmans. New, convenient service through the heart of the Hills connecting with modern motor coaches that take you comfortably to the most interesting places over fine new highways.

See these queer hills of midnight blue—twisted by nature in a thousand awesome shapes; the Needles; beautiful Sylvan Lake; the Homestake Gold Mine; the State Park surrounding the famous State Game Lodge.

Bargain summer rates, effective now, make the cost of a western vacation surprisingly low. Include a one or two day tour of the Black Hills or spend a full vacation there.

Write now for complete information or inquire at the nearest ticket office about special low rates.

## SHEFFIELD HOME; SILENT ON GOSSIP OF RESIGNATION

Revives Speculation on  
Mexico Relations.

BY ARTHUR SEARS HENNING.  
(Chicago Tribune Press Service.)  
Washington, D. C. June 16.—[Special.]—James Rockwell Sheffield, American ambassador to Mexico, returned today and began a series of conferences with Secretary of State Kellogg which are expected to affect profoundly the future course of the Coolidge administration in dealing with the government of President Calles.

The ambassador declined to affirm or deny rumors that he will resign. For some time reports have been current that he would not return to Mexico after his vacation. This was the understanding of the American colony in Mexico City, which bade him farewell in a series of dinners. It also was noted that he brought home with him his furniture and other personal effects.

Similar Reports Year Ago.  
The understanding in Mexico City was that Mr. Sheffield desires to return to his law practice and other personal interests and is not actuated by any feeling that he is not being supported by the administration in his efforts to enforce respect for American rights in Mexico. Reports that he and the President were not in harmony on the Mexican policy were prevalent when the ambassador came home a year ago and laid the Mexican situation before Mr. Coolidge. These reports were denied by the ambassador at the time, and after his return to Mexico City and the stiffening of the administration policy there seemed to be complete accord between Mr. Sheffield and Washington.

Mr. Sheffield comes home ostensibly to attend the graduation of his son from Yale, after which he will go to Europe for a holiday. It is possible, however, that he will go to South Dakota in the meantime, to report to President Coolidge. It is not unlikely that Secretary Kellogg will go west at a later date to confer with the President on the report made by Mr. Sheffield.

Post May Be Vacant for Time.  
Whether, in the event of the resignation of Mr. Sheffield, a new ambassador to Mexico will be appointed at once is far from certain. It may be that the post will be left vacant and American affairs committed to the care of a chargé d'affaires pending a disclosure of the intentions of the Calles government in regard to American properties affected by the petroleum and alien land laws.

This would partake of the nature of a hint to Calles that the Coolidge administration still contemplates going even farther and withdrawing recognition if American properties should be confiscated.

The present status of the controversy is one of watchful waiting on our side, at least.

American Protestant church and

pacifist influences are still being powerfully exerted to deter the President from withdrawing recognition and raising the embargo on the export of arms to Mexico. It was in the face of such influences that Mr. Coolidge, however, terminated the anti-arming treaty, upon which Calles was relying to keep American arms from reaching revolutionaries. This was another hint to Calles that Mr. Coolidge means what he says in regard to respect for American rights in Mexico.

## BONDSMAN TAKES ALLEGED SLAYER BACK TO HIS CELL

Thomas Christensen, former member of a detective bureau zone squad, who shot and killed Boleslaw Wawniowski, bartender in the Radio Inn at Niles, in February, 1926, was back in the county jail last night. One of his bondsmen surrendered him because of fear that he might flee the jurisdiction of the court, it was said. Eight jurors have been sworn in his trial for murder, which is proceeding before Judge Emanuel Heller in the Criminal court.

Christensen, whose case has been continued 24 times, was released on bond of \$25,000 some months ago. The shooting is admitted by Attorney Frank McDonnell, but he contends that his client was temporarily insane as a result of present day hootch.

Assistant State's Attorneys John Dempsey and John Holman contend that Christensen was just ordinarily drunk when he killed the bartender because the latter refused to serve him more liquor. Christensen is now interested in a Belmont avenue soft drink parlor.

Attorney McDonnell objected to the surrender of his client on the ground that it would prejudice the jurors already sworn. The judge, however, overruled his objections.

Police Called to Aid Wife  
of Husband Long Missing

Three months ago Fred Kenyon, 2923 South Union street, left his wife and three small children. Yesterday the police were called to care for the woman. Neighbors reported that she has been ill and her children sick from worry since Kenyon disappeared. The wife fears that he has met with an accident. The police are checking hospitals in an effort to locate him. The family is destitute.

## BERGDOLL ASKS FOR AIRPLANE TO FLY TO AMERICA

Army Slacker Writes to  
Airman Levine.

(Chicago Tribune Press Service.)  
[Copyright: 1927: By The Chicago Tribune.]  
BREMEN, June 16.—Grover Cleveland Bergdoll, the American millionaire slacker, who has been hiding in Germany, is tortured by homesickness and wants to fly home.

In a letter to Charles A. Levine, written from Weinsberg, Württemberg, Bergdoll's residence, he says:

"Hearty congratulations! Would you sell or loan me the Columbia, on condition I fly the same from Berlin within a specified time to New York or Philadelphia? Or would you let me accompany Chamberlain on a flight to New York?"

Mr. Bergdoll's letter was handed to the American flyers on their arrival at Bremen, where they will meet their wives arriving tomorrow morning from America.

"The Columbia is not in the market," Mr. Levine said when he had read the letter. "If anybody flies her back to America, we shall."

Tomorrow at 6 o'clock the Berlin, on which Mrs. Chamberlain and Mrs. Levine crossed the ocean, will dock beside the steamer Bremen.

## BOARD OF TRADE HEARS CHARGES AGAINST KELLOGG

Charges that John Kellogg, former president of the Armour Grain company and former vice president of the Grain Marketing company, concealed information about the condition of grain in the elevators of the Armour concern, went to trial yesterday before the directors of the Board of Trade. Testimony was so voluminous that a night session was necessary. It is expected that a decision on the charges will be announced today. Kellogg denied that he knew of any illegal or unbusinesslike conduct in the handling of the grain.

A hearing several months ago before Edward Eagle Brown, arbitrator, resulted in a decision that the Armour company had sold large quantities of grain that had been graded at too high a quality. Mr. Brown ordered that the Armour concern pay approximately \$3,000,000 to the stockholders of the Grain Marketing company, which is now defunct.

## Capt. John Egan Is Honor Guest at Banquet

Capt. John Egan of the Gresham police station was guest of honor at a dinner given Wednesday night by the Auburn Park Business Men's association at the Saddle and Siroin club in the stockyards. Timothy Weldon was toastmaster. Chief of Police Hughes, Chief of Detectives William E. O'Connor, and Deputy Chief of Detectives Michael Grady attended.

## SMALL SHOWS HE HAS SENATE GAS TAX VOTES

Fear Chicagoans Will Aid  
in Its Passage.

BY PARKE BROWN.

Springfield, Ill., June 16.—[Special.]—Gov. Small demonstrated today that he now has the votes of the Illinois senate to put over his gasoline tax bill.

Indications that two Chicago senators will vote with his downstate forces made the demonstration possible. Those two are Senator Hiram J. Hanesch of the Thirty-first district and Senator Adolph Marks of the First district. Each has already come in for attention of the Chicago commentators at this session. On the reapportionment resolution to limit Cook county representation in the senate Hanesch voted with the downstate majority and Marks didn't vote.

Show Position in Test Votes.  
Their position in reference to the gasoline tax, which its opponents say will collect from \$13,000,000 to \$29,000,000 from automobile owners, half of it coming from Cook county, was believed shown this afternoon on test votes when the governor's bill was on second reading.

This is the amending stage and, under the leadership of Senator Richard R. Meentz, the administration spokesman, five amendments, two of them introduced by downstaters, were tabled by votes of 23 to 20 and 24 to 17, respectively.

The first amendment, presented by Senator Henry M. Dunlap of Savoy, would have required that payments to counties be used to wipe out or reduce the twenty-five cent county highway tax in counties where it is levied. On this Marks voted with the Small majority.

The second, offered by Ben L. Smith of Pekin, would have subtracted the tax on nontaxable gasoline—that for tractors, motor boats, dry cleaning, and similar purposes—at the filling station. It was beaten on a viva voce vote.

Votes Against Referendum.  
The third, coming from Senator John T. Davis of Chicago, would have added a referendum provision to the bill. There was a roll call on it. Hanesch did not vote when his name was called. Reference to the official record after adjournment showed him listed as voting against the referendum. On this vote Senator Marks sat silent in his seat.

Hanesch's vote raised the governor's vote from twenty-five, as it was announced by the secretary, to twenty-six, the number required to

pass the bill, and other Chicagoans said that Marks' record on the two roll calls proved he would vote for the bill in his frame of mind at this time.

In addition, it was said by opponents of the tax, that Small has both senators on his list for the tax. Both have considerable patronage. Hanesch in Lincoln park particularly.

Dubious About Others.  
But the attitude of other Chicagoans raised the question whether the governor may not have assurance from them that they will vote as he wishes. Three Republicans were silent on both roll calls. They were Senators John T. Joyce of the Twenty-ninth district, James B. Leonard of the Seventeenth district, and George Van Lent of the Second district. All were in their seats when their names were called and, furthermore, were there when the absentees were called on the first amendment. They were silent.

One Chicagoan, Senator Harry W. Starr of the Thirtieth district, previously mentioned in dispatches as reported to be with the governor, voted on the opposite side from the Small forces on both roll calls. Senator Lowell B. Mason of Chicago was absent.

May Try It Today.  
Whether the governor's people will attempt to pass the bill tomorrow will not be determined until there has been a counting of the noses in the morning. If the effort is not made then it will be postponed until next week as the legislature will adjourn in the afternoon until Monday.

Floods of telegrams have poured in upon the senators since the house passed the gas tax bill, one member receiving 226 wires of protest in two days. The proponents of the bill also have been extremely active. Governor Small has called a number of senators to his office. He showed one senator the latter's own pet bill and threatened to veto it unless he voted for the tax. His son, Leslie, was busy around the edges of the floor during the debate.

Cement Men Lobbying.  
For two or three days representatives of the Portland Cement association and others interested in road construction have been lobbying. They said their employees had been told that it was a plain matter of dollars and cents to them.

The other two of the five amendments offered came from Senator Denver. One proposed that all of the receipts from the gas tax for the first year and three-fourths of the intake the second year be returned to the counties of origin. The second provided that three-fourths be paid back to the counties the first year. Both were tabled by viva voce vote.

Senator Thomas J. Courtney of Chicago, leader of the fight against the bill, took little part in the day's proceedings except to announce that he would refrain from battling by means of technicalities and parliamentary rules and would meet the issue squarely when the bill is called up for passage.

Foes Find New Ammunition.  
But the discussion of the amendment provided some ammunition for ammunition against it. In speaking for his proposal to make the tax an offset

against the county highway tax Senator Dunlap said the farmers and other land owners had been persuaded to be for the bill because they were told there would be a reduction in their real estate taxes in this manner.

He also asserted that the bill would cost the separate counties six times as much to build the roads they now build with state aid, declaring that it knocks out the present provision that on such roads half the cost shall be refunded by the state and that each county will receive from the gas tax only one out of each \$3 it pays into the fund.

He also showed by figures from other states that the tax, instead of increasing the price of gasoline 2 cents will raise it 8 cents because the dealers will add one cent to their price to cover their expense in connection with the tax.

Most Use Investigators.  
The Smith amendment would have allowed the purchaser to go to a filling station and, by swearing that the fuel he was buying was for nontaxable purposes, buy it at a price minus the tax. He and other speakers insisted that only by this means will the owner of a farm tractor collect the rebates due him under the proposed law.

Smith also contended that his scheme would reduce by \$25,000 to \$30,000 the cost of administering the governor's plan, which involves the transmittal of rebate certificates to the department of finance and the use of investigators to check their validity.

SWEET FROM STREET CAR INTO FOOT.  
Nicholas Walerio, 17 years old, 2422 Elston avenue, was seriously injured yesterday when he was swept from a street car into an elevated pillar at Wells and Madison streets. He was taken to the county hospital.

## KLAN BILL GETS SHORT SHRIFT IN ILLINOIS HOUSE

Kill Measure Requiring  
Flag on All Schools.

Springfield, Ill., June 16.—[Special.]—The Ku Klux Klan reared its head in the Illinois house of representatives today and was beaten down by the overwhelming vote of 117 to 7.

The issue was the attempted passage of a bill to require the flying of the national flag at all times over public buildings and all schools—public, private, church, and parochial. Representative Wallace A. Bandy of Williamson county was the sponsor of the bill. Though public references to its origin were indirect only, the measure was admittedly Klan inspired.

Democrats Are Aroused.  
The house was lying in wait for the calling of the bill, in particular the Democratic side, where many members are of the Catholic faith. Immediately on the bill's appearance Representative Truman A. Snell of Carlinville arose and in an impassioned address denounced it as an embodiment of all the intolerance of the ages.

There were more fiery speeches on the roll call, among them one by Representative Warren B. Douglas, colored member from Chicago's Third district, who lauded the patriotic achievements of his race and won applause.

Mr. Bandy interrupted the roll call, saying he believed the members did not understand the purposes of the bill, and asked postponement of further consideration.

Vote Is 7 to 117.

The house shouted down Mr. Bandy's motion and insisted on a completion of the vote. There were only 7 "yeas" to 117 "nays."

Another stir came when Representative Reed F. Cutler, majority floor leader, substituted a resolution for his bill authorizing a legislative committee to go to Washington and demand that Senator-elect Frank L. Smith be permitted to take the oath of office. Mr. Cutler explained that he believed a resolution was the proper procedure.

The Democrats insisted on the adoption of an amendment striking out the provision that the two committee members from each house should be chosen, one from each of the major parties.

The resolution in this amended form was carried by a viva voce vote.

SENATE AGAIN  
VOTES AGAINST  
WET MEASURE

Springfield, Ill., June 16.—[Special.]—At its morning session the state senate, having shown itself thoroughly dry yesterday, defeated the Green resolution appealing for a federal constitutional convention to repeal the eighteenth amendment. Those who spoke for the bill were Senators Arthur A. Huebner, John J. Boehm, Harry W. Starr, and John T. Davis. Senators Dunlap and Swift spoke against it. The roll call was 15 to 22.

There were more fiery speeches on the roll call, among them one by Representative Warren B. Douglas, colored member from Chicago's Third district, who lauded the patriotic achievements of his race and won applause.

Mr. Bandy interrupted the roll call, saying he believed the members did not understand the purposes of the bill, and asked postponement of further consideration.

Vote Is 7 to 117.

The house shouted down Mr. Bandy's motion and insisted on a completion of the vote. There were only 7 "yeas" to 117 "nays."

Springfield, Ill., June 16.—[Special.]—At its morning session the state senate, having shown itself thoroughly dry yesterday, defeated the Green resolution appealing for a federal constitutional convention to repeal the eighteenth amendment. Those who spoke for the bill were Senators Arthur A. Huebner, John J. Boehm, Harry W. Starr, and John T. Davis. Senators Dunlap and Swift spoke against it. The roll call was 15 to 22.

There were more fiery speeches on the roll call, among them one by Representative Warren B. Douglas, colored member from Chicago's Third district, who lauded the patriotic achievements of his race and won applause.

Mr. Bandy interrupted the roll call, saying he believed the members did not understand the purposes of the bill, and asked postponement of further consideration.

Vote Is 7 to 117.

The house shouted down Mr. Bandy's motion and insisted on a completion of the vote. There were only 7 "yeas" to 117 "nays."

Another stir came when Representative Reed F. Cutler, majority floor leader, substituted a resolution for his bill authorizing a legislative committee to go to Washington and demand that Senator-elect Frank L. Smith be permitted to take the oath of office. Mr. Cutler explained that he believed a resolution was the proper procedure.

The Democrats insisted on the adoption of an amendment striking out the provision that the two committee members from each house should be chosen, one from each of the major parties.

The resolution in this amended form was carried by a viva voce vote.

3 Questions of Interest on Money

1. Will my money be safe?
2. What return will I get on my money?
3. May I withdraw my money when I want it?

These are most important questions which you will ask when you deposit money in the bank.

All of these questions are fully answered in our booklet, "Of Interest 5%."

Would you like to have one of these booklets? If so, write, phone or call in person.

## GLORY OF BEING A STATESMAN IS ALMOST EXTINGUISHED

'The Senator' Runs Upon  
Group of Cynics.

BY THE SENATOR.

Springfield, Ill., June 16.—[Special.]—After some of the eminent statesmen had served notice they wanted to knock off the law making tomorrow afternoon to give the boys a chance to attend the American Derby at Washington Park Saturday, despite a calendar which is bogged down with legislation, a couple of peerless leaders began talking of some of the sublimer aspects of statesmanship.

"How did the greatest in the senate strike you?" asks one. "Bokoo bull," says the other. "Millions of words, but no ideas."

"That's the trouble," says I. "Some of our distinguished law makers appear to have had locked minds, and the key has been lost. The governor shows his ideas into their garrets, locks the door and throws away the key."

Small the Whole Works.

"It's truth," says one of the great commoners, "the governor's got control of the legislature. He can pass anything, he could even pass a bad dollar. Take me, for instance. I'm against a gas tax. But a fellow has sometimes got friends who want to hold their jobs at the state house. Or maybe, he wants to spring some good honest guy out of the pen on parole. Or perhaps, there's a hard road promised to his district. The administration doesn't overlook anything when it puts on the thumb screws to get a bill through. What chance have I to keep an open mind?"

"What strikes me," says I, "is the cant and hypocrisy. There are some big minds and fine fighters, but they're in the minority. I heard the senate debate on the bill for a referendum on a repeal of the search and seizure act. What impressed me was the inconsistency, the lack of coherent thought."

"One argument emphasized by the dyes was that a referendum on liquor was wrong, because it tended to destroy representative government."

Voting Dry and Drinking Wet.

"Yet a few days ago, these same men voted for an income tax because it contained a referendum, and they thus escaped responsibility. They can blow hot and cold in a minute."

"Yes, and they can vote dry and drink wet without turning a hair," says one statesman. "One man who voted dry loudly and got a hand from the gallery was in my room the night before. That bird, believe me, will drink you dry at a room party."

"It's appalling," says I. "They get up and yammer about nullification and constitutionality. Some of these orators who talk dry between drinks, keep yelling that moderation nullifies the eighteenth amendment and yet a little while ago they voted to give Gov. Small his quo warranto immunity bath. This was an effort at nullification if anything, for the Supreme court probably would knock it out as unconstitutional."

Bootlegging on Constitution.

"And many of the same birds who prate about nullification voted for the income tax bill, yet it was admitted on the floor that the bill was probably unconstitutional. And every one of these great statesmen raised his hand and swore to uphold the constitution, yet downstate refuses to obey the constitutional mandate for reappointment."

"What are the nullifiers? Who is worse, the bootlegger of unconstitutional drinks or the bootlegger of unconstitutional laws?"

"How about Chicago transit?" asks one.

"Oh," says I, "it may land in a conference committee of both houses next week, and that's often the interesting time to watch where the little ball rolls. Sometimes it's where the hardest fighting is staged."

Record for Log Rolling.

"Well," says one leader of thought, "I never saw a session like this. The governor's fellows are going the works on gas tax. Never have I seen such log rolling, vote swapping and trading. All the power of patronage has been dumped in—concrete roads, state house jobs for constituents—all to get through a bill to levy \$15,000,000 tribute on automobile owners to strengthen a governor who even now is a one-man ruler of the legislature."

## DAY IN SPRINGFIELD

Governor Small reappointed Lincoln Park commissioners and gave regular appointment as supervisor of paroles to Hinton G. Clabaugh, a recess appointee.

### SENATE.

Gasoline tax advanced to final reading with test roll calls showing Chicagoans supporting the governor.

Green resolution for federal constitutional convention to repeal eighth amendment defeated 15 to 22.

Senator Dunlap struck from calendar his state police bill because of lateness of session.

### HOUSE.

House bills passed: Eckley bill authorizing municipal court in cities between 3,500 and 100,000 referendum; G. J. Johnson's bills, including certain annuity policies under life insurance act, excluding certain endowment policies, and relating to securities held by insurance companies; Kasserman bill constituting non high school districts, bodies corporate; Miller bill changing law concerning publication in administration of estates; R. A. W. Johnson's bill giving park boards control over park lagoons and harbors; Juul bill concerning mortgages, duplicate certificates; Stanfield bill validating certain drainage districts; Reiss bill requiring township treasurer to publish statement of public money; Weiss bill concerning payment for printing of delinquent notices; Elrod bill conveying certain state land to Chicago for street purposes; Rush bill concerning maintenance of roads and bridges; Peppers bill, changing name of naval reserve to Illinois naval militia and raising pay of all grades \$2 a day.

RESOLUTION PASSED: Cutler joint resolution for joint legislative committee to request the U. S. senate that U. S. Senator-elect Frank L. Smith of Illinois be permitted to take oath.

Small has left it in that condition so that when and if he finds a man he wants to take over the president's duties from Mr. Jackson he will have a place open for him.

The governor also submitted a long list of reappointments and appointments of recess appointees, the most interesting of which was the submission of the name of Hinton G. Clabaugh as supervisor of paroles. Mr. Clabaugh recently offered his resignation when his program for rebuilding the pardon and parole system was amended in the senate, and this presentation of his name for confirmation is considered evidence that the governor does not want him to resign. He now holds his place by a recess appointment.

All of the names were referred to the executive committee, and confirmation probably will be voted tomorrow or Monday.

Condition of John Drew

Unchanged, Doctors Say

San Francisco, Cal., June 16.—(AP)—The condition of John Drew, veteran actor who is ill in a hospital here, was reported unchanged today.

## SMALL CONTINUES 6 LINCOLN PARK COMMISSIONERS

Springfield, Ill., June 16.—[Special.]—Gov. Small today prolonged the present regime in the Lincoln park system by sending to the senate for approval the appointments of the six present commissioners.

This is understood to mean that David H. Jackson will continue as president, the governor having satisfied himself of the legality of Mr. Jackson's retention of that position in spite of a provision of the commerce commission act that the president of the utilities commission—now Mr. Jackson—shall devote his entire time to the duties of the latter office. This construction of the law is said to be based on the fact that the park presidency pays no compensation.

The other commissioners reappointed are John A. Tortenson, Alexander Pyte, Albert E. Halperin, Arthur B. Dehnlow, and Albert F. Bauer. The seventh place is left vacant, the theory around the statehouse being that Gov.

## CHICAGO FLYER PREPARES FOR HONOLULU HOP

Roy Ahearn, 23, to Enter  
Race for \$25,000.

BY GENEVIEVE FORBES HERRICK.  
(Picture on back page.)

Roy Ahearn has had a lot of thrilling flying low, and flying high; burning up one plane and making another do the barrel roll. But he won't be really happy, he is confident, until he hops off from San Francisco in a monoplane, cruises through the clouds some 2,000 miles, and lands on that little dot, surrounded by water, that is Honolulu.

Thereby he will capture the \$25,000 prize which James D. Dole, a member of the National Aeronautics society, offers for precisely that feat.

It won't be too easy, says young Ahearn, who'll be 23 next Wednesday. Not easy, but he's ready.

For the rotation of the earth causes westerly winds to predominate, into which the Hawaii bound aviator must enter his ship. Then, too, while Hawaii's stretch of islands is something like 500 miles long, the island on which Honolulu is located is narrow and not more than 25 miles in length. So an accurate landing will be, Ahearn yesterday suggested, a little like seeking, blindfolded, to pin the tail on the donkey.

Nevertheless Ahearn, Chicago's probable entrant in the trans-Pacific non-stop contest, is rarin' to go.

He was busy yesterday assembling cost data on his plane and other equipment to submit to backers who will be asked to furnish an estimated \$20,000.

Equipment Like Lindbergh's.  
The ship, a monoplane built by the Travel Air company of Wichita, Kas., will have a white over all motor, similar to the one used by Col. Charles A. Lindbergh in his Spirit of St. Louis, and will be equipped with instruments like the ones in Lindbergh's ship.

The stipulation of the contest, fix Aug. 13 as the first date possible for a hop off. Ahearn hopes to conclude business negotiations and leave Chicago about Aug. 1.

"I'm anxious to take a chance, and I have a pretty good hunch I can make it," he said yesterday.

Veteran of Five Years' Flying.  
Ahearn has been flying five years. He has more than 1,400 hours in the air to his credit, which is no insignificant record. And he has made his name synonymous with hazardous stunt flying. He has taken a ship up to a height of 1,800, touched a match to some oil waste previously prepared, and disengaged himself from the burning mass just in time to manipulate his "slide" and slide down to an amazed throng.

Glenn Curtiss, who furnished the

## KELLY STILL A-SETTIN' ATOP FLAGPOLE, HIS PERCH SINCE JUNE 7

New York, June 16.—[Special.]—"Shipwreck" Kelly is still "a-settin'" on the 84 foot flagpole atop the eight story of St. Francis hotel in Newark, N. J., and he's been "a-settin'" since Tuesday morning, June 7.

He says he has been thinking, sitting there on his flagpole. Thus far it has been something like 230 hours of solid thought and, what is still more intriguing, he's going to stay there and think until 11 o'clock Sunday night. It doesn't cost anything to look at Alvin from the street, but the charge is 25 cents to look at Alvin from the roof.

planes for the stunt, said, after its completion: "Never before have I seen such a stunt. Never has any boy taken greater chances, even in the front line trenches during the war."

Born in St. Louis.  
St. Louis is Ahearn's birthplace. But his parents soon came up to Chicago, where their son went to the Erickson grammar school, and was graduated from the John Marshall High school. Protestingly, he learned his father's trade, that of a lathing contractor, but presently, at the age of 18, left a good job to fool around an aviation field.

Ahearn, who is married and lives at 1211 Elmwood avenue, is a professor of aviation, and heads a passenger service at Heath field, Tuohy avenue and River road.

## RUSH TO EUROPE BREAKS RECORD, OFFICIAL SAYS

The number of American tourists visiting foreign countries this year is breaking all records, R. A. Procter, chief of the Chicago passport bureau, said yesterday.

"The Chicago district already has issued 13,500 passports for the present season and we expect this to reach 15,000 by July 1," Mr. Procter said.

"This is an all-time record over last year. From 1921 to 1926 the number of tourists visiting foreign countries has increased 1,000 yearly.

"The present increase may be attributed to the ease and comfort with which one can travel nowadays. All over the United States passport offices have experienced a rush throughout the entire year."

Standard Oil Officials  
to Fly to South Dakota

Officials of the Standard Oil company of Indiana, headed by Col. Robert W. Stewart, chairman of the board, will fly to Bellefonte, S. D., and back next month in the company's triple motorized all-metal plane Standolind, it was announced yesterday.

The party will fly to Rapid City, near President Coolidge's summer White House, on July 4. The remainder of the journey will be made the following day. The Standolind has chairs and sleeping berths for eight persons.

## SCHOLL IS GIVEN LIFE FOR KILLING HIS 2 CHILDREN

(Picture on back page.)

Walter Scholl, ne'er-do-well son of a Pittsburgh minister, was sentenced to life in the Indiana state penitentiary yesterday for the murder of his children, Vivian, 8 years old, and Donald, 4.

The sentence was pronounced by Judge Grant Crumpecker in the Circuit court at Valparaiso. Scholl was taken immediately to the prison at Michigan City to begin serving his term. He had pleaded guilty to the charge of murder. His attorneys then produced evidence to show his abnormal mentality, but Judge Crumpecker asserted that none of it tended to show insanity.

Referring to the crime as the "most brutal I have ever heard of," the judge pointed to several other recent murder cases to justify his decision to give Scholl a life term. Among them was that of Harold Croarkin, recently given the same punishment for the murder of a small boy in Chicago.

## DARGUE FINISHES MILWAUKEE HOP IN GOOD WEATHER

Milwaukee, Wis., June 16.—(AP)—Completing the flight he was forced to postpone yesterday, Maj. Herbert A. Dargue, who commanded the Pan-American good will flight, arrived here shortly after noon from Chicago.

Flying alone, he beached his plane near the Milwaukee breakwater. He had planned to fly here yesterday but abandoned his plans on account of rough weather.

He came here by train last night for the reception given by the Association of Commerce and returned to Chicago by the same route this morning.

The commander of the good will flight was the guest of the Gyro club at luncheon today.

Accompanied by one escort plane that came here last night, Maj. Dargue is scheduled to leave for Rockford, Ill., at 9 a. m. Friday where he will be greeted.

"My four line situation wanted ad ran two days in The Tribune. I received 11 letters and 9 phone calls in answer. I was able to choose a good position from these replies."

**ROBERT U. ROSENE,**  
1410 Thorndale Avenue.

**University graduate finds good position quickly through Tribune Situation Wanted Ad!**

Here's a time and money saving tip for June graduates: A Tribune Situation Wanted Ad will allow you to state the kind of a position you desire and your qualifications for it. Your personal message will be carried to interested Chicago employers.

Robert U. Rosene of 1410 Thorndale Avenue used this convenient way to find employment with the usual excellent results. His Tribune Situation Wanted Ad brought him 11 letters and 9 phone calls. From these he was able to select a fine position.

You, too, can eliminate the delay and uncertainty connected with less sure methods. Use a Tribune Situation Wanted Ad—the short cut to a satisfactory position. Come in today!

## FARM WOMAN TRAPS SUSPECT GORILLA MAN

Alleged Strangler Taken  
in Canada.

(Chicago Tribune Press Service.)

WINNIPEG, Man., June 16.—The "gorilla man" who strangled to death 14 year old Lola Cowan and who killed a score of women in western cities of the United States by strangulation, is in jail here to await trial.

The suspect, who was trapped by a woman and arrested five miles from the Dakota border Wednesday night, was taken to Killarney, Man., where he was held in a rooming house. He is a small, dark man, about 30 years old and gave his name as Virgil Wilson, born in England, but lately from Vancouver and San Francisco. He later said he was the son of a prominent Canadian family, was saved by a stay the day he was scheduled to hang.

Small and Meek; Denies Guilt.

He is a little man, 5 feet 6, and meek appearing. His hair is brown and parted back in pompadour. He is about 30 years old and gave his name as Virgil Wilson, born in England, but lately from Vancouver and San Francisco. He later said he was the son of a prominent Canadian family, was saved by a stay the day he was scheduled to hang.

Half-healed scratches on the prisoner's scalp helped in the identification, detectives said, pointing out that his scalp had been found under Mrs. Patterson's fingernails when her body was found under her bed.

"We have secured the slayer of many women in United States cities here," said Detective Hoskin, who went out in a special train to assist in the suspect's capture at Wakopa, Man., after he had been traced as far as Regina, Sask., 500 miles west of Winnipeg, had doubled back again and entered Manitoba.

Trapped by Farmer's Wife.

Part of the \$1,000 reward will be claimed by Mrs. L. Morgan, wife of a farm proprietor at Wakopa. She recognized him from the broadcasted description while he was waiting at her door for a meal. She phoned the police.

When the prisoner was brought here from Killarney he was jeered by thousands who swarmed around police headquarters and, for a time, threatened to break through the police line.

## Convicted Police Slayer Loses Continuance Plea

Ellin Lyons, who was sentenced to hang for the murder of Policeman Julian Bonfield, will know before autumn whether the sentence will be put into effect. The Supreme court of Illinois yesterday refused to grant a continuance of his case until the October term. His attorneys said they wanted time to prepare additional briefs. Lyons, who claims he is a member of a prominent Colombian family, was saved by a stay the day he was scheduled to hang.

## Nab Maids; Recover \$1,000 Loot from Winnetka Home

Two colored maids walked out of the home of Dr. Margaret Levick, 890 Lincoln avenue, Winnetka, with jewelry and clothing valued at \$1,000 last Sunday. Through a telephone number in the possession of Dr. Levick the women were traced to 3316 Vernon avenue and arrested. They had pawned the property. The tickets were found and the loot recovered. The maids, Hazel Washington and Jeannette Gons, were held to the grand jury in bonds of \$2,000 each.

## Four Counterfeiters Sent to Prison by U. S. Judge

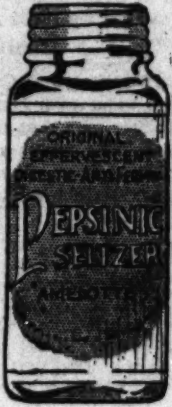

United States Judge Adam C. Cliffe yesterday sentenced four men convicted as members of an international gang of counterfeiters to imprisonment in Leavenworth penitentiary and to pay fines totaling \$2,900. The men are Sam Romano, sentenced to five years; John Ferillo, five years; Tony Corona, one year and a day; and Joseph Faldo, two years. The four are said by government officials to have belonged to the gang that flooded the country with bogus \$20 notes, swindling merchants out of \$500,000.

# Indigestion?

Escape that distress which follows each meal and overshadows the pleasure of eating.

Here is an effective and pleasant remedy—Pepsinic Seltzer. It neutralizes stomach acids and dispels gas (the causes of indigestion) and it sweetens and strengthens the stomach.

Pepsinic Seltzer is absolutely free from all heart depressant drugs. It is compounded in accordance with approved therapeutic practice, and is widely recommended by the medical profession.

Two Sizes: 23c and 47c

## PEPSINIC SELTZER

For Headache, Heartburn, Indigestion, Gastritis, Dyspepsia and Nausea

## Lindbergh's Heroic Flight and Achievement Has Centered the Eyes of Capital and Industry on the Commercial Development of Aviation

On January 5th, 1925, THE FORD AERIAL TRANSPORTATION COMPANY acquired 1453 acres of land between Burnham and Calumet Avenues, south of 186th Street, now known as The Ford Airport. This tract is larger than that occupied by both of Ford's Detroit automobile and tractor plants combined.

## On This Spot in Greater Chicago Ford Airport Is Under Construction Now!

After months of careful consideration, Ford's Aerial Transportation Company decided that this Greater Chicago location embodied the facilities needed for this gigantic enterprise. We all know that what Ford sets out to do, he accomplishes. We know from experience that Ford will build huge plants, employing thousands of people and the population of the surrounding territory will increase by leaps and bounds. In fact, it is doing that very thing NOW!

Ford Planes, Carrying Freight, Now Travel Daily Between the Ford Airport and Detroit. Regular Passenger Service Is Expected by September 1st, 1927

When the Ford Organization starts going, it works fast. If YOU had bought a lot near Ford's River Rouge Plant in Detroit 5 years ago, YOU could have sold it since for FIVE or SIX times what YOU paid for it! Thousands of others did that in Detroit. THIS is YOUR opportunity to do it HERE . . . NOW!

Our Property Is Located ONLY SIX BLOCKS from Ford Airport, where Airplane Passengers to and from Detroit Will Arrive and Depart Daily

## 37 1/2 foot Lots, \$645 to \$800 As Low as \$8 Per Month

Priced to sell out QUICK! Our prices are 40% to 50% below the prices of surrounding property. Don't pass up this chance without thoroughly investigating these statements. You can do so without the slightest obligation. Write, phone or call and complete information will be given you. This is in no sense a get-rich-quick proposition, but a sound business investment.

Trust Deed and Guarantee Policy from Chicago Title & Trust Co.

Ride out in our busses Saturday afternoon and Sunday. Busses leave from Dearborn and Adams Streets at 1 o'clock, returning about 6 P. M. If you cannot make convenient arrangements, send in coupon below for complete details.

CALL HARRISON 1250 TO RESERVE SEATS!

## LEAGUE POWERS TO SEND WARNING NOTE TO RUSSIA

But Decline to Follow  
Britain with Break.

BY HENRY WALES.

[Chicago Tribune Press Service.]  
[Copyright, 1927, By The Chicago Tribune.]  
GENEVA, June 16.—After five days of arguments and persuasion, Sir Austen Chamberlain, the British delegate to the league of nations council meeting, which ended here today, was able to induce the representatives of France, Italy, Japan, Belgium, Germany, and Poland to send only mild notes to Moscow urging the Reds to exercise prudence owing to the serious international situation resulting from their activities, as illustrated by the diplomatic rupture with Great Britain.

Sir Austen failed utterly to line up the other great powers to back Russia, or to adopt any coercive policy toward the soviet.

Proposes "Sanitary Cordon."

Sir Austen urged the powers to establish a sort of economic and financial blockade of Russia and combine their efforts to exert severe pressure on the bolsheviks, but without avail. The English foreign secretary dared not suggest such measures as military intervention in Russia, or a naval blockade, but proposed instead a sort of "sanitary cordon" such as existed a couple of years after the armistice.

Germany expressed its readiness to discuss such a measure for a consideration, but the price asked was too much for France to consider. Italy also declined to take such brusque action against Moscow, mindful of the necessity of obtaining wheat from the Ukraine, and Japan, confronted with the Chinese situation, also refused. Belgium refused also to intrude into the Anglo-Soviet row.

Germany Makes Pledge to France.  
The sick and suffering M. Briand, who was forced by illness to return to Paris today, obtained a promise from Dr. Stresemann that the final phases of Germany's disarmament would be executed forthwith, Berlin to invite the allied military attaches in Berlin to inspect the dismantling of fortresses on the eastern frontier within a short time. Dr. Stresemann also pledged that the other conditions imposed by Marshal Foch would be carried out soon.

Dr. Emery, who attended M. Briand, diagnosed the French foreign minister's malady as shingles. He said the patient required a long vacation, rest, and absence from nervous worry. The American naval disarmament delegation, with all the chief representatives except Rear Admiral Frank Schofield already here, opened secretarial offices today at the Bergues hotel upon the arrival of Ambassador Hugh Gibson. Ambassador Gibson will submit concrete proposals on the limitation of

## A. A. T. SOLON CHOSEN PRESIDENT OF STATE FUNERAL DIRECTORS

At the forty-seventh annual convention of the State Funeral Directors and Embalmers' association held at Danville, Ill., A. A. T. Solon of Streator, Ill., was elected president.

Other officers elected are: B. J. Cummings, Chicago, first vice president; Raleigh J. Harris, Pontiac, second vice president; and A. M. Kilpatrick, Chicago, secretary and treasurer. More than 500 funeral directors attended the A. A. T. Solon meeting.

cruiser, destroyer and submarine categories of naval craft along lines similar to the Hughes proposal of a ratio for capital ships and airplane carriers at Washington in 1921. This Tribune correspondent is informed.

America will submit its plan at Monday afternoon's official opening of the three power conference called by President Coolidge in the Goldfish Bowl, at the glass conservatory of the league secretariat is commonly called.

Tokio and London Unite on Plan.  
The Tribune correspondent is informed that Tokio and London are in solid agreement to demand the limitation of cruisers to 6,000 or 5,500 tons, with 6 inch guns the largest calibre and serious restrictions in the size, operation radius and armaments of destroyers and submarines.

The adoption of the Anglo-Japanese scheme would give these countries an enormous advantage over the United States, as it would make all the large units of their merchant marine potential cruisers.

## SOVIETS ORDER EXECUTION OF 32 MORE OFFICERS

Seek to Punish for Police  
Killing.

BY DONALD DAY.

[Chicago Tribune Press Service.]  
[Copyright, 1927, By The Chicago Tribune.]  
RIGA, Latvia, June 16.—Thirty-two former officers confined in the Minsk prison were sentenced to death in retaliation for the murder of the local G. P. U. (soviet state police) chief, M. Zpanski, who was killed a week ago with his escort while returning with prisoners to Minsk on the Polish border.

The Minsk cheka (state political police) requested Commissar Menzinski to confirm the death sentences, while the former officers petitioned for clemency. The decision is expected tomorrow.

Announcements of executions continue to fill the Moscow newspapers, which contain reports of two white officers who were executed by provincial cheka men after having returned from living several years in Czechoslovakia.

A dispatch from Vladivostok announces the execution of four former officers who had stolen a fishing boat and were attempting to escape to Japan.

Return to Militant Communism.  
The Moscow papers are intensely interested in the league of nations session at Geneva, where, they report, the European attempt to obtain an expression on the English-Russian quarrel will be made difficult by the decision of the bolsheviks to return to militant communism. It is believed the Red terror pro-

gram has complicated the German program for borrowing huge sums in the United States, most of which were destined for reinvestment in Russia. German investments in Russia are said to total approximately 1,000,000,000 marks (about \$350,000,000).

Angry at Polish Sentence.  
MOSCOW, U. S. S. R., June 16.—Indignation was expressed generally in Moscow today following receipt of news from Warsaw that the young assassin of the soviet minister to Poland had received sentence of indeterminate imprisonment, with a recommendation of 15 years at hard labor.

"The sentence is unparalleled in its weakness," said the newspaper Raetich Gazeta in a special edition.

"We forwarded the minimum demands on Poland. The action in Warsaw means that the Polish government is sheltering a murderer and shows that its protestations to us are false. It makes us think that the rulers of Poland dance to the tune of the English lords."

Twins Born Here 75 Years  
Ago to Celebrate Birthday  
(Picture on back page.)

Seventy relatives of Dominick and Michael Schreiber, who are among the oldest native born twins in Chicago, will gather tomorrow to help them celebrate their seventy-fifth birthday.

They were born in a house at 6450 Ridge avenue when Rogers Park was miles from Chicago. Dominick still lives on the same lot. The land for the old homestead was purchased for \$1,050. Its present estimated value is nearly \$2,000,000. Michael resides at 6725 North Rockwell street.

## SON OF NOVELIST JOSEPH CONRAD HELD FOR FRAUD

[Chicago Tribune Press Service.]

LONDON, June 16.—Alfred Borge Conrad, twenty-nine years old, son of the late novelist Joseph Conrad, was held on bail today in the Marylebone police court on a charge of alleged fraudulent conversion for his own use of \$5,500 entrusted to him by Mrs. Dorothy Bevan of Park house, Marden, Kent.

Mr. Conrad appeared in the dock wearing a sport suit and horn-rimmed glasses.

"If I had had the pluck to tell the people I lost the money instead of paying them profits, this wouldn't have happened," he said.

Two other charges pending are for obtaining \$300 (about \$1,500) and \$200 (about \$1,000) fraudulently. The prosecutor said Mr. Conrad, who was employed as a motor salesman, would borrow sums to buy second hand cars with promise to resell at a profit. In August of last year he went into bankruptcy with \$5,000 (about \$25,000) liabilities. His only assets were interests under his father's will, valued at \$3,000 (about \$15,000), in copyrights and film rights.

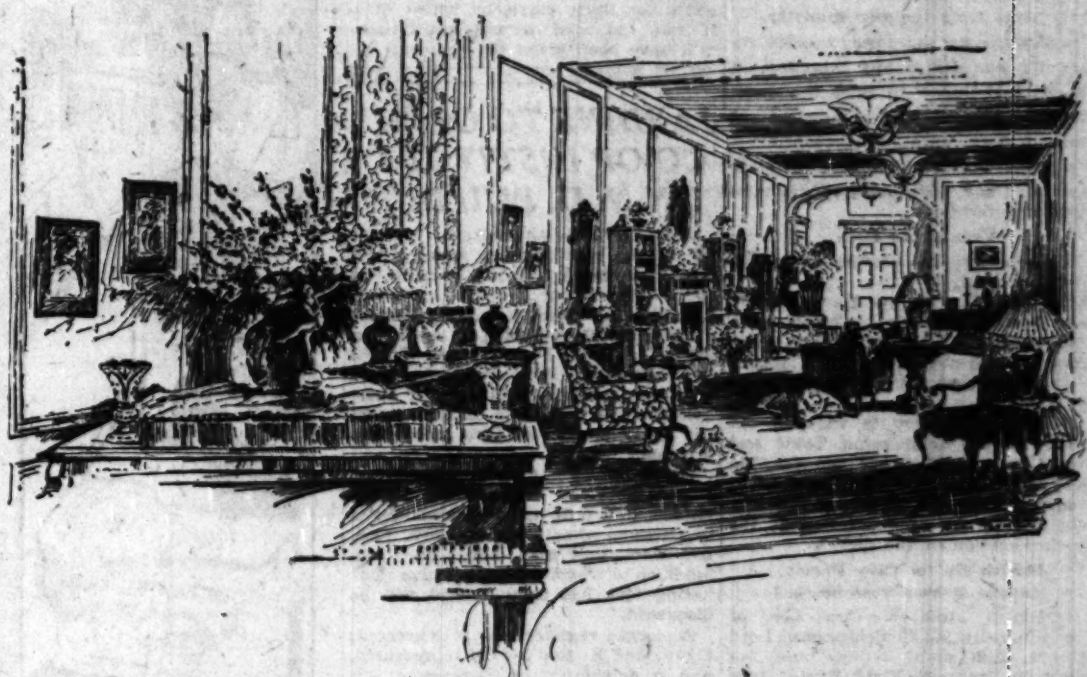

Rathbone Pledges Aid to  
Rail Mail Clerk Cause

Railway mail clerks, at their annual convention at the Hotel Sherman yesterday, were pledged the support of Congressman Henry R. Rathbone in their fight to place their service on a mileage basis rather than upon an hour basis as at present.

# The Silver Salon

What a picture of charm and beauty and light these words convey! What a musical note they have—a feeling of true value, a sense of the fineness of things!

All these qualities we have incorporated into the new home decorative accessories department at PEACOCK'S. It is called the SILVER SALON because of these sterling qualities.

Here in the atmosphere of a charming home—in a spacious sunshiny room with a silver ceiling, soft-tone walls and a luxuriously carpeted floor, may be found lovely objects for one's self or one's friends. Here, above the bustle of State Street—one may feel at leisure—to browse about while shopping, or merely to look around.

Here we wish everyone to feel at home—to feel welcome, at all times—whether or not they care to purchase.

During the first week in our new store we heard many people remark, as they stepped from the elevator into this new section on the third floor, "what a delightful surprise—what a lovely, homey place. It doesn't seem like a store. The atmosphere is so harmonious."

We were happy to hear these words of praise for they mean that people quickly sense and appreciate our aim—they really feel at home in the SILVER SALON at Peacock's.

The SILVER of the SILVER SALON is all in the atmosphere, the cheerfulness and the sterling quality of the entire section. The objects offered here for your convenience are in addition to our always extensive collections. Here in the SILVER SALON may be found

ENGLISH CHINA SERVICE AND DESSERT PLATES  
FINE CRYSTAL STEAMWARE  
COLORFUL GLASS • LAMPS AND SHADES  
DECORATIVE OBJECTS • PRINTS • MIRRORS  
BASKETS • BOXES • JARS AND VASES  
PEWTER AND BRASS

and an infinite variety of things suitable for prizes or the more important wedding gift.

But our strongest claim to distinction in this new shop is the quiet homeliness and peace which we feel may become an oasis in busy Chicago. Only a visit can fully convey the spirit of the SILVER SALON.

Pyorrhea penalizes  
4 out of every 5

What a grim penalty Pyorrhea exacts for neglect! It spreads its poison through the system, undermines health, destroys precious youth. And four persons out of every five after forty (and thousands younger) get caught in its relentless grip.

Yet with reasonable care, you need never fear Pyorrhea. If you have tender, bleeding gums see your dentist at once for an examination. And start now the habit of using Forhan's for the Gums.

Used regularly and in time, Forhan's prevents Pyorrhea or checks its vicious course. It firms the gums and keeps them healthy. It protects teeth and keeps them white.

Ask your dentist about Forhan's. It is the formula of R. J. Forhan, D. D. S., and contains a percentage of Forhan's Pyorrhea Liquid, used by dentists for 15 years in the treatment of Pyorrhea.

Safeguard your health! See your dentist twice a year. Start using Forhan's today and use it regularly morning and night. Teach your children the same good habit. Play safe—get a tube today. At all drugists, 35c and 60c.

Forhan's for the gums

MORE THAN A TOOTH PASTE... IT CHECKS PYORRHEA

You can be  
sure of this

Thousands are keeping their breath sweet and fresh this way. We promise that you'll never go back to ordinary mouthwashes that only conceal unpleasant breath with embittering odors of their own after you have used this Forhan's Antiseptic Refreshment. It is refreshing and odorless, always. Try it. At All Drugists, 35c and 60c.

## JAPAN SEEKS LID ON HAWAII BASE AND SINGAPORE

Plans Air War Defense at Tokio and Osaka.

BY RODERICK MATHESON.

(Chicago Tribune Press Service.)

TOKIO, June 16.—Should America combine with England to bring pressure upon Japan to extend the battle-

ship ratio to auxiliaries, Japan will de-

mand as quid pro quo the main-

tenance of the status quo in the Ha-

waiian fortifications and garrison

strength and the abandonment of the

Singapore base project, according to

statements from the war ministry.

Inasmuch as the foreign office repeatedly has denied any intention on the part of Japan to raise the ques-

tions of Hawaii and Singapore at Geneva, the Tribune correspondent requested Premier Tanaka to state whether the foreign office or war min-

istry was right.

Premier Is Dark.

"I can give no answer," was the premier's reply.

The question of the Hawaiian air-

base has become live in Japan since

Col. Charles A. Lindbergh and Clar-

ence D. Chamberlin by their flights

showed Tokyo within bombing distance of Honolulu.

The war ministry is working out plans for air defenses at Tokio and

Oakland to cost 10,000,000 yen (\$4,670,000) and 5,000,000 yen (\$2,335,000)

yearly to maintain. The war ministry will ask for an appropriation at the coming session of the diet.

British Go to Navy Parley.

(Chicago Tribune Press Service.)

LONDON, June 16.—First Lord of the Admiralty W. C. Bridgeman, Lord Robert Cecil, Lord Jellicoe and Ad-

miral Sir Frederick Field, British dele-

gates to the Coolidge naval reduction

conference, will leave London tomor-

row morning for Geneva. They will be accompanied by the high commis-

sioners to South Africa, Australia and Canada, representing the dominions.

## WORKING AGREEMENT OF RAIL ENGINEERS, FIREMEN TERMINATED

Cleveland, O., June 16.—(AP)—Hope was expressed tonight by officials of the Brotherhood of Locomotive Engineers that a new working agreement would be formulated with the Brotherhood of Firemen and Enginemen to take the place of an understanding abrogated today by the engineers.

The agreement, which was terminated today at the engineers' convention here, had been in effect since 1913 and served as a means of holding the two unions together in their relations with the railroads.

The split is the result of disagree-

ments arising last February over fire-

men's wages. The engineers failed to

act jointly with the firemen in wage

negotiations with southeastern rail-

roads, insisting that firemen's wages

should be fixed at approximately 85

per cent of the wage paid engineers.

This ratio was rejected by the firemen.

The agreement will not be abro-

gated for thirty days, by which time it will have been given the firemen.

On a registration is expected.

Egypt and Russia will be represented, and a delegation of Europeans will come here after the close of the rail

congress at Washington next week.

Secretary Jardine will arrive in Chi-

cago at 9 a. m. Monday and will re-

main at the Hotel Sherman during the day.

## HAVE YOU SEEN ANY 'SKEETERS? ASK PUBLIC'S AID

### Quick Report Sought in Abatement Drive.

If a single mosquito is heard buzzing, seen zooming, felt biting or found stationary in a shadow, indoors or out, by any person in Cook county or immediate environs, it is an incident of sufficient importance to report to the mosquito bureau of this Tribune. This is the dictum of Arthur Stringer, associate director of Gorgas Memorial Institute of Tropical and Preventive Medicine, who is cooperating in the campaign of mosquito abatement for this area, the object of which is to free Chicago and Cook county of the dangerous pests by the end of another season.

Mr. Stringer points out that a single female mosquito, playing about in the month of June, may be responsible for a million or more of ferocious, blood-seeking, disease-spreading mosquitoes by late August. His experience has led to the conclusion that a bold stroke at the source of breeding, a rapid thrust of prevention whenever a single mosquito (or a swarm) shows its bill, will have a material result in the general campaign now getting under way by the municipalities and districts of the metropolitan area.

**Will Investigate Reports.**  
If householders, occupants of business buildings or persons who visit outdoor recreational spots, will report the presence of mosquitoes by letter or postcard to this Tribune's mosquito bureau, proper steps will be taken to investigate that particular spot, or information as to how to deal with the problem will be furnished immediately.

It is pointed out by the Gorgas Institute research department that wherever mosquitoes appear there will be found close by a breeding spot. The abatement of the breeding spot usually is a simple matter—so simple that ordinarily it is neglected of the theory that it is of no importance. This condition is not confined to country districts or open fields, but may be found in office buildings, dwellings, factories, schools, churches or about any structure.

**Must Be Breeding Spot.**  
"The important thing for the public to know is that wherever a mosquito bobs up it is safe to conclude that within a few hundred feet at most a breeding spot exists," Mr. Stringer asserts. "If the breeding spot cannot be detected by those interested when they are furnished with general information on the subject of uncovering such spots, inspection by expert mosquito hunters can be provided."

"Actual research in the Chicago area has shown that 15 per cent of the dwellings in certain high class suburbs were breeding their own mosquitoes last summer. The neighbors of the owners of this 42 per cent also were furnished with mosquitoes from that source."

**Cause Suffering Among Children.**  
"One of the pitiful results of the continuation of mosquito breeding is the suffering and injury sustained by small children and infants, which are choice morsels for the voracious insects. The bare legs of youngsters, universal nowadays as a summer vogue, constitute a feeding ground that could not be improved upon from the mosquito's viewpoint. Even granting that a child is fortunate enough not to be assailed by a mosquito bearing disease germs, the germless sting raises great welts and causes acute discomfort and loss of sleep, which may impair health, and in case

## MICHIGAN IS LOOKING FORWARD TO GREATEST REUNION OF ALUMNI

Ann Arbor, Mich., June 14.—(Special.)—It is expected that all attendance records for alumni reunions at the University of Michigan will be broken tomorrow when forty-five classes meet here in connection with the eighty-third annual commencement exercises of the university.

The earliest class which has a reunion scheduled for this year is that of 1867. These men, who graduated from Michigan sixty years ago this week, will meet again under the direction of H. P. Churchill, of Evanston, Ill.

Following individual class reunions tomorrow, the alumni will hear an address by President C. C. Little on Saturday morning, and each class will present a program at Ferry field, the Michigan football stadium, Saturday afternoon. On Sunday, President Little will deliver the baccalaureate address to the senior class.

Commencement will be held Monday morning, more than 1,500 receiving diplomas. Nicholas Longworth, speaker of the lower house of congress, will be the principal orator.

Of scratching may result in infection of more or less serious nature."

**Kenilworth Takes Action.**  
That the stimulation of interest in the present mosquito campaign is bearing fruit was indicated yesterday when this Tribune was informed that Village Manager F. L. Steed of Kenilworth had decided to order a house to house inspection in that suburb by college juniors who are to act as inspectors. By checking up conditions existing at every home and other buildings in Kenilworth, it is expected that the prevalence of the pest will not only be reduced greatly at once, but that the action will serve as a prevention for the tremendous July and August increase noted annually in that area. Mr. Steed and Dr. Howard A. Orvis, health commissioner of Winnetka and Kenilworth, responding to a report of mosquito prevalence, found that one of the most attractive homes in Kenilworth was serving the purpose of a propagation ground for mosquitoes. A foundation pool in the residential grounds was found literally covered with five or six day old larvae. The condition was corrected immediately and fish will be introduced in the pool to exterminate further breeding.

Dudley C. Meyers, Oak Park commissioner of public works, reports that he has organized a force to start immediately on the work of oil spraying the storm sewer catch basins, where standing water breeds millions of the objectionable insects.

## COMPLETE JURY FOR 3D TRIAL OF GENNA GANGMEN

### Start Evidence Today Against Scalisi, Anselmi

**CRIMINAL COURT.**  
Thomas Walton, rape, sentenced to 1 year in Penitentiary, by Judge Philip L. Sullivan.

The state will start this morning in Chief Justice William J. Lindsay's Criminal court to present for the third time to a jury the testimony against Albert Anselmi and John Scalisi, Genna gangsters, who two years ago this month shot and killed two policemen during a gun battle on South Western avenue. The death penalty, which was asked on both of the other trials, is the aim of Assistant State's Attorney Harold Levy and Emmet Byrne, who already have fifteen such penalties to their credit.

The jury was completed yesterday after seven days of questioning veniremen. The main difficulty in obtaining jurors was the refusal of veniremen to agree with the views of the defense attorneys that a citizen has a right to kill a policeman even though the latter is making what is known in law as an illegal arrest.

**Last Four Jurors Sworn.**  
The last four jurors, who were sworn in yesterday, are Raymond J. Klein, 2441 North Harding avenue, an insurance agent; Edward De Lorenzo, 2301 South Scoville avenue, Berwyn, a roofing contractor; Gordon A. De Witt, 1157 Lunt avenue, a cattle broker, and William Hinz, 1110 Trest avenue, Forest Park, a salesman.

Assistant State's Attorney Harold Levy will open the trial this morning by outlining to the jury the details of the killing of Policemen Harold Olson and Charles Walsh when they attempted to overtake the defendants and one of the Genna brothers to question them.

**Given 14 Year Terms.**  
At the first trial the defendants were convicted and sentenced to 14 years' imprisonment. At the second hearing a verdict of not guilty was returned, and in the meantime the Supreme court set aside the verdict in the original case.

## THINKS AFRICAN FOSSIL CLEW TO UNKNOWN RACE

Prof. Fay Cooper Cole of the University of Chicago yesterday announced a belief that the fossil skeleton of a child recently unearthed in Algeria by Dr. Alonso W. Pond of Beloit university is the first trace of a hitherto completely unknown race of men who inhabited northern Africa at the time of the last glacial epoch.

The skeleton, Prof. Cole said, is markedly different from the remains

of the Cro-Magnon, Neanderthal and Grimaldi races, which lived in Europe in the late glacial times. He added that the discovery was doubly interesting in that northern Africa was little known as a field for archaeology.

A closer examination of the skeleton and of the stones found near it will be made in an effort to fix more definitely the period in which the child lived.

**ENGINEER KILLED BY HIS LOCOMOTIVE.**  
Frank Dystart, 80 years old, 4231 Maple avenue, an engineer employed by the Chicago and Northwestern railroad, was killed yesterday when he was struck by a wheel of his locomotive while inspecting it in the yards at Kinzie and Whipple streets.

Summer

Silk Frocks

\$16-50

of Bubblette Crepe

The adaptation of Paton's blouse-front in the Dress sketched, is just one of the numerous very desirable one- and two-piece models. Sizes 11, 13, and 15. In pastel tints.

SMALL MISSES' SECTION  
THIRD FLOOR

## PENITENCE PLEA OF HUSBAND IS DENIED IN COURT

Judge Doubts Sincerity  
of Nellesen Petition.

Superior Judge Oscar Hebel yesterday denied a petition for penitence—the first pleading of its kind in the history of Illinois jurisprudence—brought by Ferdinand P. Nellesen, an official of the National Engraving company. The court ruled that the petitioner was not acting in good faith in seeking to cancel his \$45 a week alimony payments to Mrs. Lois H. Nellesen, 1950 South Sawyer avenue, on the allegation that she has spurned his overtures for a reconciliation.

The decision does not mean that all money payers may not find relief through applying the ancient plea of penitence. But it does mean that petitioners must be sincere in their desires to start married life anew and not be motivated solely by desire to stop alimony. This was decided when a demurrer was overruled.

**Involves Emotion of Love.**  
Judge Hebel's findings involved the vaguely defined emotion of love. Perhaps the main issue before the court was whether Mr. Nellesen still loved the woman to whom he has been paying separate maintenance for four years. On this feature the written opinion reads:  
"He mailed many checks for alimony and did not, in any of the enclosures, write a word of affection to his wife; and, in fact, according to the evidence, his wife was obliged to call the court's attention to his failure to obey the order of the court, and he was committed to jail for contempt of court."

**Judge Asks Question.**  
"If he really loved his wife as he says he does why does he wish to avoid payment of support money?"  
The judge indicated he believed from the evidence that Mr. Nellesen was more concerned over a financial settlement with his wife than he was in mending their broken romance.

## AUSTRALIA PLANS TO POOL DEBTS OF ITS STATES

[Chicago Tribune From Service.]  
SYDNEY, June 15.—With a view to an adjustment of the commonwealth debt, the prime minister today submitted a scheme at the premiers' conference. The commonwealth proposes to take over the entire debt of the states, the commonwealth to apply more than \$1,500,000 (\$17,500,000) annually from its revenues toward the payment of the interest charges and the states to contribute the balance. Property safeguarded by sinking funds will be established with respect to the existing debts and new borrowings. The commonwealth to make substantial contributions to the funds. The management of the debt and further borrowings in behalf of the commonwealth states will be vested in an Australian loan council. The premiers will consider the proposal tomorrow.

## Police Take Hand in Abie's Irish Rose Romance

An "Abie's Irish Rose" romance suffered a setback yesterday when police from the Central station arrested Harry Cohen, 1341 Semple street, St. Louis, at the Y. M. C. A. hotel following a telegram from his mother declaring that the boy was only 17 years old and that he was about to marry Patricia Kelly from his home town. Cohen told the police that he had met Miss Kelly while working in St. Louis and she was to come here today to marry him.

## COUPLE NOT WED, SO MOTHER HAS THEM ARRESTED

"If they have been married, well and good; if not, arrest them," telegraphed the mother of Jean Thompson, 18 years old, from New York yesterday, explaining that Jean had run away with Jacques Gasselin, 27 years old, a violinist, on June 2.

Police officers Nicholas Downey and Patrick Ryan found the pair—unmarried—in the Davis hotel.  
"But we love each other," they protested, "and it won't be long now."  
"And I've been waiting to hear from my mother in France, whose permission I asked," added Jacques. "We'll be married tomorrow, if it's all right with you, officers."

The officers had no choice in the matter; they had to take them in until they hear further word from Mrs. Thompson.

**WOMAN AIDS STORE ROBBER.**  
Police are searching for a young woman who acted as lookout and chauffeur yesterday for two men who entered an Atlantic and Pacific store at 125 North California avenue and robbed the manager of \$35.

## GIRL DEFENDS SELF ON STAND IN THEFT TRIAL

Faery Collins, 18 years old, took the witness stand yesterday in Judge Philip L. Sullivan's court and attempted to convince the jury that she is not guilty of a charge of stealing a fur coat and diamond rings worth \$3,000 from Mrs. Marie Cagney of 5040 West Congress street. Mrs. Cagney charges that she hired the girl as a maid and that within two hours her valuables and her new employe were missing. The girl claims that she was working in the home of another woman on the north side at the time of the theft.

## Bank Robbers Get \$1,500, Overlook \$8,000 in Haste

Mason City, Ia., June 18.—[Special.]—Northern Iowa and southern Minnesota police today were looking for two thieves who held up the Protivin Savings bank late yesterday and escaped with \$1,500 after they had locked the assistant cashier in the vault. The men overlooked \$8,000.

## LAWYER OFFERS APOLOGIES FOR ROW IN COURT

Apologetics were given yesterday by Attorney David Stansbury, defense counsel in the trial of Thomas O. Gibbs, formerly a bank credit manager, to Assistant United States District Attorney Edward Hess for the encounter Wednesday in which the two were passed from both sides.

Attorney Stansbury told United States Judge George A. Carpenter, who is hearing the case, that he had found several exhibits which he had previously thought the prosecutor was withholding.

Gibbs took the witness stand in his own behalf and explained his recollection of \$500 a month from the Boylston Coal company, for which he approved a loan of \$100,000, as salary for extra work and accepted with the approval of the bank officials. The case is expected to be given to the jury today.

## COSGRAVE WILL LET OPPOSITION TRY RULING DAIL

[Chicago Tribune From Service.]  
DUBLIN, June 14.—The final results of the Irish Free State election became known today when the Dublin university returned three retiring deputies, Messrs. Thrift, Craig, and Allon. All are Independents. The party returns therefore stand as yesterday.

Ramon De Valera told The Tribune correspondent today that his followers absolutely will refuse to take the oath. Late tonight President William T. Cosgrave stated it was not his intention to form a government. He said his party now is a minority of the dail. The opposition in the last dail, meaning Labor and all other groups outside the government party, now are in the majority. He said he could not take their responsibility from them.

**TEEN FUGITIVES' AGENT RELEASED.**  
Meador Kison, business agent of the peddlers' union, and Jack Ciof were dismissed in the South Clark street court yesterday on a charge of carrying concealed weapons. The police found revolvers in the automobile they were riding in, but Judge Foster held that the statute had not been violated.

## DOCTOR SUES HIS EX-FIANCÉE FOR HER TESTIMONY

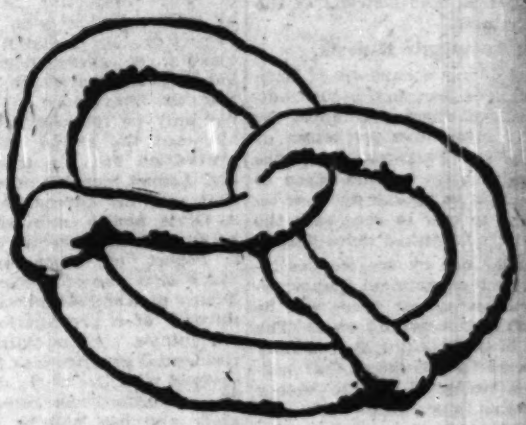

Dr. Benjamin Chapman of 2234 West Chicago avenue yesterday filed a \$2,000 libel suit against his former fiancée, Miss Bertha Langerman of 3444 South Michigan avenue, against whom he lost a suit for breach of promise to marry two years ago.

Miss Langerman, in that trial, testified she broke the engagement because the doctor suffered "paranoia," which caused him to have hallucinations questioning her chastity. Her testimony injured his professional reputation, the physician asserts in his plea for damages.

## Twelve Housewives Freed on Bonds in Bread Row

Twelve Jewish housewives, arrested on charges of disorderly conduct during a parade of protest against the raise in bread prices of orthodox Jewish bakers, were released on bonds of \$2,500 each yesterday by Judge Joseph L. McCarthy.

## Bite yourself an Alphabet

Here's a tip for  
pretzeleers on wheels

Suppose you go fast, and the naughty policeman stops you and gives you a lot of jaw. Can you jaw back? You can, but don't. While the speed cop uses his jaws to talk, you use yours to pretzelize. Bite out these five letters for him:

**S O R R Y**

Chances are he will let you eat your word and depart in peace.

Of course you'll want O-So-Gud Pretzels baked by Uneeda Bakers. This is the kind that all good pretzeleers use for eating and for pretzeleering.

They're brown. They're crisp. They're crunchy. They're salty. Easy to digest. Good for grand children and grand parents.

Eat them with soup, with salad, with cheese, with sweet desserts. Serve them with cool iced drinks. Eat them between meals. Eat them without any excuse at all—except that you want to.

Ask for pretzels made by Uneeda Bakers. You will like them better.

## O-SO-GUD PRETZELS

Who do you suppose invented the twisty, pretzel knot that is the O-So-Gud? And Why?

NATIONAL BISCUIT COMPANY  
"Uneeda Bakers"

# To the Leaders of the Radio Industry at the TRADE EXHIBITION of the RADIO MANUFACTURERS' ASSOCIATION Stevens Hotel, Chicago

THERE are several reasons why the north central states own more radio sets than any other section of the country. One is the prosperity that has prevailed so consistently in Zone 7—the five states of The Chicago Territory. Another is the advanced stage of broadcasting in which W-G-N, The Chicago Tribune station on the Drake Hotel, has been the leader.

While attending the exhibition of the Radio Manufacturers' Association, study The Chicago Market, its possibilities for sales, its wealth, its advertising media, and the opportunity of reaching an enormous group with unusual economy.

Study The Tribune. Note how its weekday city and suburban circulation is greater than the total weekday circulation of any other Chicago newspaper; how its Sunday circulation in city and suburbs is 215,000 greater than the city and suburban circulation of any other newspaper, morning or evening, weekday or Sunday. And how it reaches in addition to its Chicago circulation from 20% to 90% of all families in 1312 towns in The Chicago Territory.

The overwhelming preference given The Tribune by the automobile industry, clothing, furniture, and other lines requiring customers willing and able to

buy shows that The Tribune reaches the people you want to interest; and

The Chicago Tribune, through its nationally known Station W-G-N, is the radio favorite of the public throughout the five states comprising the Chicago Territory.

The radio industry in 1925 and 1926 indorsed these statements by giving The Tribune more national radio advertising than is placed in any other Chicago paper.

Tune in on W-G-N and other stations. Take account of the public interest in stations. Note the advertising and circulation preferences of Chicago; where you see the most Tribunes being read, the type of men and women reading them. Select typical retail establishments catering to the people you want as customers. See what papers these retailers use.

Then put it up to a Tribune man—with all the doubts and objections you can muster. Test what he tells you—the figures he shows you—against your own impressions of the Chicago situation. The better you know The Tribune, the more certain you will be it is the best medium in Chicago for selling radio merchandise.

## W-G-N

Is Chicagoland's  
Favorite Station!

W-G-N is one of the most powerful and best equipped stations in the country.

With four modern studios in the Drake Hotel, programs proceed without a moment's interruption, every waking moment!

W-G-N has led in broadcasts of notable events, such as The Kentucky Derby, Indianapolis Race, football and baseball games, the Scopes evolution trial, World Court debates, and broadcasts of important theatrical productions.

Developed and presents daily the best liked comedians on the air—Sam 'n' Henry—who number literally millions of followers.

Maintains a wealth of service features for the housewife and schools with thousands of corresponding students in Piano, English, French, Spanish, and Algebra.

Maintains a program staff of 40 people.

## CHANGE IN NAME OF ROBEY STREET ROUSES PROTEST

Merchants Demand Veto  
of Council Action.

Robey street may not have been named for a renowned hero, but it is rich in historical connections, and the 35,000 citizens who live and toil on it yesterday were called to battle to prevent the name of the street from being changed.

When Albert J. Flynn, president of the Greater Robey Street Property Owners' association, read yesterday that the city council had passed an ordinance changing the name of Robey street to Damen avenue he immediately launched the effort to rescind the measure.

Within a short time, Mr. Flynn said, he was beset with dozens of calls from merchant members of his association, demanding to know the reason for the change, and why they had not been notified. The entire population of the street will fight the change, and will demand that Mayor Thompson veto the ordinance if the council refuses to rescind it, Mr. Flynn declared.

**Hasty Action Charged.**  
Then it was discovered that only a few of the aldermen who voted for the ordinance had been fully advised. The matter was rushed through, only the title of the bill being read, according to Ald. John J. Hollen (47th), who announced yesterday he would also demand rescission. Ald. Dennis A. Horan, sponsor of the bill, insisted he would stand by the change to Damen avenue, which he said commemorated the founder of St. Ignace college.

"Robey street is known to every Chicagoan," said Mr. Flynn. "The first white men who set foot in Chicago stood on the river bank at what is now Robey street. A cross now marks that site where Father Marquette and Father Joliet landed."

"Our association, with the unanimous aid of twenty-two other organizations, fought to connect Robey street from the north city limits to the south by the building of two bridges, and we won that fight. Our street has become a byword."

"And now, without notice to any of us, an attempt is made to sneak through a change to Damen avenue, a name entirely foreign to the street, one that means nothing. They want us to change our stationery, lose the prestige we have built up."

**Robey's History Is Obscure.**  
Search of historical and library societies failed to give the biography of James Robey, for whom the street was named. Old clippings mention a James H. Robey as a leader in political affairs, an Illinois resident dating from 1858.

Ald. Horan said an old settler had told him that "Jim" Robey was a squatter and a keeper of a roadhouse. "The name doesn't mean anything," Horan said. "We were going to change Racine avenue to Damen avenue, but later decided to pick on Robey street."

**FIND BODY IN RIVER.**  
The body of an unidentified man about 40 years old was found in the south branch of the Chicago river at 53d street yesterday by the Duering street police.

## OHIO OPERATOR ASKS INJUNCTION IN MINE STRIKE

Adena Wires Governor  
for Troops.

Columbus, O., June 16.—(AP)—The first major court action in Ohio since union miners walked out April 1 was taken today by the Pittsburgh Coal company, which obtained a restraining order from Federal Judge Benson Hough against John Cinque, president of subdistrict five of district six, United Mine Workers. Hearing on the injunction sought by the coal company was set for next Thursday.

The coal company's action grew out of incidents occurring at Adena, Jefferson county, during the last few weeks after the company had ordered maintenance men to clean up the Robeyville mine nearby.

**Bad Feeling Evidenced.**  
The company's petition asked that President Cinque be restrained from using the union to interfere with activities of maintenance men in cleaning up the mine. Antagonistic feeling became evident about May 20, the company alleged, when about 200 miners lined the streets and passed comments on workers going to the mine. The situation reached its height several days ago, the petition said, about 600 miners forming a picket line and dragging one employee from an automobile and beating him severely.

The Adena city council early in the week passed an ordinance forbidding miners assembling on the streets, but this apparently had no effect, the mayor, F. A. Gibson, telegraphing Gov. Donahey today asking that state troops be sent. Maintenance of order in Adena has now become impossible, the telegram said.

**Few at Work in Illinois.**  
Springfield, Ill., June 16.—(AP)—Less than 2,500 of the 50,000 members of the Illinois Mine Workers' had employment digging coal last month, the official report of the state department of mines and minerals said today. In that month 215,089 tons of Illinois coal were produced, as compared with 9,548,209 tons in March. Only twenty mines operated in May, as compared with 224 in March.

**Kill Roumanian Soldier  
on Border of Hungary**

(Chicago Tribune Press Service.)  
BUDAPEST, June 16.—A border incident between Hungary and Roumania in which a Roumanian soldier was killed, was officially reported last night. The incident will be investigated by a mixed commission.

## WAR VETERANS PAY TRIBUTE TO THE DEAD TODAY

As a memorial to their comrades who died on foreign soil, delegates to the Veterans of Foreign Wars annual state encampment, now in session at the Morrison hotel, will hold services at the Logan monument in Grant park this morning at 9:30. Bugles will sound taps as thirty small children in uniform place a large wreath of poppies on the monument. After the ceremony the delegates will be taken in automobiles on a tour of the city's parks.

The veterans at a business meeting yesterday adopted a resolution calling on congress to amend several laws regulating benefits received by disabled ex-service men. Plans were also outlined for construction by Illinois

members of ten cottages at the Veterans' Home in Evanston, Ill., institution, a home for soldiers' orphans modeled after Moonshorn.

**Chinese Near Death from  
Leap During Opium Raids**

Raids on three opium dens in Chinatown last night netted fifteen prisoners, twenty opium pipes, and a quantity of drugs. Lee Moon probably was fatally injured when he jumped from a second story window at 226 West 22d street. The other places raided by government agents and two city detectives were at 222 and 224 West 22d street.

## Elmer Hears Great Variety of Radio Music

Some Good, Some Not So  
Good, He Says.

BY ELMER DOUGLASS.  
I wish I could start this review with the hour's concert by the Drake concert ensemble and the Blackstone string quartet, WLIR, 7 to 8, and maintain the same high musical standard throughout. I am thinking particularly of the Drake concert ensemble playing of Verdi's "Sicilian Vespers," and a moment later the playing of what is ordinarily a simple popular number, "My Curly Headed Baby," but which, with its organ background, became extremely entrancing.

Otherwise, musical programs last evening had few high spots.  
The Radio Manufacturers' association banquet addresses and musical program, WMAQ-WJQ, 8:30 to 11:15, may be considered as a special broadcast. The musical portion of the program had its interests, contrasts, and prominent names to confound. One way of looking at it is as follows: Maj. Andrew White, announcer and master of ceremonies—a voice almost welcome.  
There was a soprano singer of popular songs of the blues variety who sang in the bluesy way that somehow receives applause.  
She was followed by two popular male duetists. They are mentioned because of thoughts of savage days one of their songs recalled.  
Vincent Lopez, in the capacity of ragtime pianist, handled all the keys on the piano in about one hour, and this, as becomes ragtime, meant absolutely nothing.

Allen McQuibban, the well known radio lyric tenor, sang his first song not for the local audience but for one listener which he himself named. His succeeding songs got over in his usual and likeable style.  
Majesty Smith, pianist, played the piano score of Gerhart's "Rhapsody in Blue" complete, with orchestra accompaniment. For some reason the piece did not hold together well, however.  
Mme. Irene Pavlova, mezzo soprano of the Chicago Civic Opera company, was also there. This singer glorified Chicago just a bit more every time her voice spreads out on the air.

## LOWDEN HINTS AT WILLINGNESS TO BE CANDIDATE

Binghamton, N. Y., June 16.—[Special.]—Former Gov. Frank O. Lowden, of Illinois, who spoke to a dairyman's meeting of record proportions here today, in close to the point of making a formal announcement of his candidacy for the Republican nomination for President.  
The announcement is not likely to be made for several weeks, but the former governor has decided to allow his friends, who believe that his name should be presented, to go ahead and see what comes of it.  
"I have not lifted a hand or uttered a sentence to encourage any one to promote my political fortunes, nor shall I do so, but, out of self respect, I cannot tell people who believe in an economic adjustment in this country that shall spell justice to the farmer to abandon that impulse, whether it affects my personal fortunes or not," Mr. Lowden said this afternoon.

## SPEAKER TELLS PLANS FOR BIG RADIO FEATURES

Predicting that radio will be an established feature in every church, school and hospital and nearly every home within two years, Martin Hall Aylsworth, talking last night at the annual banquet of the Radio Manufacturers' association in the Stevens hotel, told how chain broadcasting is carrying the best of programs to listeners everywhere.  
"In the immediate future, the chain stations are to start a schedule calling for a daily broadcast of 16 hours," he said, "and soon we will have our University of the Air as a regular feature and schools and colleges will be equipped for reception. One of our first courses on the University of the Air will be musical lectures by Walter Damrosch, the noted conductor."

## CHAS. J. SCHAEFER, THEATER OWNER, DIES ON BIRTHDAY

Charles J. Schaefer, theater owner, died yesterday, his sixty-fourth birthday anniversary, at his home, 2322 Commonwealth avenue. He was proprietor and manager of the Keystone, Garfield, and Lyceum theaters. At one time he was minute clerk of the Probate court.  
Mr. Schaefer was the oldest of four brothers who entered the motion picture business in 1907. The others are Peter J. Schaefer, vice president of Jones, Lintick & Schaefer, and Fred and Frank C. Schaefer, builders of north side theaters.  
A widow, a daughter, Mrs. Marie Halley, and two sons, Walter C. Schaefer and Charles of Chicago, survive. Funeral services will be held at noon tomorrow from the residence.

## Chicago Hall Convention Group to Meet Weekly

John N. Van der Vries, chairman of the committee on convention requirements and facilities of the Chicago hall commission, announced yesterday that members of his committee will meet every Thursday to discuss their problems. A report will be ready by Aug. 1, he said.

## Radio Commissioner Dillon Ill; Goes to California

Washington, D. C., June 16.—[Special.]—Col. John F. Dillon, one of the five radio commissioners appointed by President Coolidge last spring, left for his home in California today, hoping to regain his health. For several days his family has been anxious concerning his continued serious illness.

## LITTLE ORPHAN ANNIE: Open War Declared

(Friday, June 17.)

## RADIO PROGRAMS FOR TODAY

(Daylight Saving Time.)

### Celebrities to Appear at W-G-N Party Tonight

TONIGHT'S pepper party, to be heard over W-G-N, THE CHICAGO TRIBUNE station on the Drake hotel, between 10:30 and 12:30 o'clock, will be featured by the presentation of two celebrities. J. L. Dempsey of the Daily Racing Form, famous race caller and veteran reporter of turf doings, will be the first of the first of the first. He will be introduced by Don Maxwell, sports editor of

LOUIS MANN.  
Mann, star of "The French Lady," which is playing at the Playhouse theater. Mr. Mann will while away several minutes with the best of his disarming talents.

In addition to these two sensations, the Pepper party will consist of at least two hours of rollicking jazz by "Doc" Davis and his Drake hotel dance orchestra with Joe Rudolph at the piano, and additional tunes by the Pepper party orchestra. Bryce Talbot, who is becoming a popular favorite with the pepper party audience for his songs, will also feature the program.  
Friday night is Paul Ash's night on W-G-N. The merry monarch of jazz comes on the air at 8:30 o'clock with a forty-five minute program broadcast direct from his special studio in the Oriental theater. All of the best of the music and songs from Paul's current stage success are adapted into a special radio production. Tonight listeners will hear, in addition to Milton Watson, the golden voiced romantic tenor of Paul's gang, a startling list

of stars starting with Al Kvale, Paul's famous funny man, and including Thomas Bailey, the lovely soprano; Lloyd and Erice, Joe Bennett, Paul Small, and a host of others.  
Still no news from "Sam n' Henry." W-G-N's colored boys, who were kidnapped last Sunday night in an airplane. Tonight during their minutes, and during the ten minutes following listeners will hear the new feature, "Tomorrow's Tribune," during which the news that appears in the following morning's issue of THE TRIBUNE is described, while Betty, the radio shopper, runs through the advertisements. All this is done to the accompaniment of music.  
Between 9:15 and 9:30 o'clock, listeners will hear a fifteen minute joint recital by Doris Anderson, Frederick, soprano, and Harlow G. Frederick, baritone.  
DETAILS OF TODAY'S W-G-N PROGRAM. (390 meters-880 K.)  
8:30 to 9:15 p. m.—Paul Ash and his merry band play a variety of popular tunes.  
9:15 to 9:30 p. m.—"Tomorrow's Tribune." 10:30 p. m. to 12:15 a. m.—The Pepper Party.

DETAILS OF TODAY'S W-G-N PROGRAM. (390 meters-880 K.)  
8:30 to 9:15 p. m.—Paul Ash and his merry band play a variety of popular tunes.  
9:15 to 9:30 p. m.—"Tomorrow's Tribune." 10:30 p. m. to 12:15 a. m.—The Pepper Party.

### W-G-N QUIZ BOX

Here are the answers to three questions broadcast last night over W-G-N, THE TRIBUNE's Radio station. Three questions are asked every night and answered the following morning in THE TRIBUNE.  
Who discovered the Philippines? Answer—Magellan, on his circumnavigation of the globe.  
What was Chicago first called? Answer—Port Dearborn.  
Who composed the ballad, "Believe Me If All These Endearing Young Creatures"? Answer—Thomas Moore, the "national poet of Ireland."

## STATE ACTS TO END 3 INSURANCE CONCERNS HERE

Allied Companies Called  
Insolvent in Suit.

Petition for a receiver to dissolve three associated insurance companies was filed in the Superior court yesterday as the latest step of H. U. Bailey, director of the state department of trade and commerce, in his announced campaign to clean up the insurance business of Illinois. The defendants in this new litigation are the United Lloyds of America, the Bankers Lloyds of America, and the Preferred Underwriting company.

Through Attorney General Oscar E. Carlstrom, Mr. Bailey alleges that the associated concerns have been insolvent since the late 1920s, and that they have been in the state of insolvency for some time. He also alleges that the United Lloyds and the Bankers Lloyds have failed to pay many outstanding claims against them. The petition asserts that total liabilities of the companies exceed the assets by \$121,372.

The Preferred Underwriting company was organized in December of 1925 as an associate company. The bankers, Lloyds, it is alleged, was formed as a subterfuge to transact lines of insurance business not allowed in the United Lloyds permit. The purported guarantee funds of the company, it is charged, are of fictitious and mythical value, consisting in part of securities of questionable value and unsecured notes signed by underwriters of the company.

The suit asks an order enjoining the companies from withdrawing any money or property from the state, and also seeks an injunction to bar the companies from any further transaction of business.

The petition is the latest of a series of suits brought by Mr. Bailey against insurance companies.

**NAB CAT BANDIT  
SUSPECT TRYING  
TO ENTER HOME**

Victims of the so-called cat bandit, who has been springing out of the shadows on north side women and cleverly eluding dozens of police traps for six months, today will be brought to the detective bureau to view Edward Borah, 27, of 6345 Cottage Grove avenue, arrested last night as he was attempting to gain entrance to the home of Dennis Carroll at 6927 Kenmore avenue.

Mr. Carroll, who is an undertaker at 1158 North Clark street, was at home last night when he heard some one trying to jimmy the rear window of his apartment. He called the police and Sgt. Harry Schulz and his detective bureau squad responded, setting Borah.

The young man is said to answer the description of the bandit attacker of women and could not explain why, living so far on the north side, he happened to be so far on the north side.

**MRS. BURCH IS  
BRIDE OF FORMER  
FATHER-IN-LAW**

(Picture on back page.)  
San Francisco, Cal., June 16.—(AP)—Mrs. Isabelle Keyes Burch, and her former father-in-law, Capt. Arnold Marston, with whom she eloped to San Francisco last September, were married by Superior Judge Frank Deasy here today.

Mrs. Burch, who gave her age as 28, and Captain Marston, 35, were arrested on Mann act charges after their elopement. Marston's wife, Mrs. Grace Burch Marston, and Mrs. Burch's husband, Lyndon W. Burch, were granted divorces in February and the decrees were made final in New York yesterday.

Mrs. Burch is a granddaughter of the late Bishop Burch of the Episcopal church.

**W. Sheehan, beloved husband of Mrs. Lillian Sheehan, died at his home, 1230 S. Dearborn street, at 10:30 a. m. Saturday.**

## MACKAYE JURY CHOSEN; 4 MEN, 8 WOMEN ON IT

Los Angeles, Cal., June 16.—(AP)—A jury of eight women and four men was selected in record time here this afternoon for the trial of Dorothy Mackaye, stage actress, on charges of attempting to conceal facts surrounding the death of her husband, Ray Raymond, comedy actor.

The same number of women and men recently convicted Paul Kelly, film juvenile, on a charge of manslaughter as an outgrowth of a beating he administered to Raymond.

The two actors quarreled over Kelly's attentions to Miss Mackaye and Raymond died a few days after the beating. Kelly was sentenced to from one to ten years in prison.

Dr. Walter J. Sullivan, who attended Raymond and is alleged to have reported the actor's death due to natural causes, will go to trial later. He was jointly indicted with Miss Mackaye.

**START RECOUNT  
OF VOTES CAST  
LAST NOVEMBER**

The board of election commissioners, under direction of County Judge Edmund K. Jarecki, yesterday resumed recounting of the votes cast in the November, 1926, election for the offices of sanitary district trustees, county commissioners, and municipal judges.

Five precincts were counted during the day, and in none of them were there material changes from the original count, according to John S. Ruch, chief clerk of the board. Judge Jarecki indicated he would continue the count, bringing in more teams so that the work could be expedited, until he was convinced no changes would result from further efforts.

Particular interest was being paid by party watchers to the count of the sanitary trustee vote, for it was considered that Charles E. Graydon, held defeated in the original count, has chances to exceed the vote given George Hull Porter, who died before taking office.

## WAR TANKS WILL DO THEIR STUFF AT ARMY SHOW

Army tanks will plow through barbed wire, shell holes and trenches in a sham battle that will be a feature of the army show in Grant park June 24, 25 and 26. Capt. M. D. Harper's 33d tank company, I. N. G., last night began a series of practice drills in the armory at 2114 Sherman avenue, Evanston. Seven tanks will participate in the show.

Assisted by Capt. J. C. Barnes, regular army tank corps officer, the guard unit is preparing to give Chicago a demonstration of the effectiveness of tanks. The company is at full war time enlistment strength and is completely equipped.

Directors of the war show announced yesterday that they were hopeful Col. Charles A. Lindbergh would be a guest of honor. More than 100 airplanes will participate in the exhibition, they said. Plans are being made to reproduce the battle of Chateau Thierry.

**Get Back Your Strength Quick  
After Heavy Cold or Grippe**

Influenza and Grippe are insidious diseases that nip time out of ten strip their victims of strength, vitality and power to endure any ordinary strain.

Even a heavy cold or a lingering cough may sap a man's strength so tremendously that he despairs of ever being strong enough to go to work again.

People in this deplorable condition should know that the greatest builder of strength in weak, run-down, tired-out people is Cod Liver Oil—its full of the best health building vitamins.

But it's loathsome stuff to take—the taste nauseates—the smell disgusts and repulses.

That's why millions of people are turning to McCoy's Cod Liver Oil Compound Tablets—rich in vitamins and no oily taste.

To people who are exhausted or weary—who have no appetite—who are languid or indolent—who haven't the vigor or energy or the endurance needed to do their work properly we say—

Try McCoy's Cod Liver Oil Compound Tablets for 30 days—then if you don't say they are the best builder of health and strength you ever used, get your money back.

60 tablets—50 cents—at any drug-gist in America—but demand McCoy's—the original and genuine.

## PARLIAMENT OF SERBS DISSOLVED FOR ELECTIONS

[Chicago Tribune Press Service.]  
BELGRADE, June 16.—King Alexander yesterday signed a decree for the dissolution of parliament and new elections Sept. 11. The new parliament will be convoked Oct. 15. The breaking up of the radical party, which for twenty-five years ruled Serbia, into three groups in the new elections is expected further to weaken this party, while the Democrats are expected to double their strength.

The Albanian minister and his entire staff left Belgrade yesterday, definitely breaking off diplomatic relations with Yugoslavia.

**FOUND DEAD IN HIS ROOM.**

## Thanks for giving us Battery-less Radio

So say scores of  
prominent radio  
dealers now visiting  
the big Chicago  
Convention.

**Kellogg**

**No A Batteries  
No B Batteries  
No C Batteries  
None!**

Really battery-less radio, made possible by the marvelous A.C. tube developed and manufactured exclusively by Kellogg. It uses the alternating current direct from your electric light line—a unending flow of power that runs your radio as many hours a day as you want it, day after day, year after year. Batteries, with all their care—all their worry—all their expense—are gone forever!

**To the Public**

As the exhibits at the R. M. A. Radio show are for dealers only, we cannot now invite you to hear and see this great new Kellogg set.

In the near future, a showing for the public will be announced. Watch for this announcement, for here at last is the Radio you have long awaited.

## EX-KLAN CHIEF'S DIVORCED WIFE SEES HIM IN PEN

Stephenson Also Greets  
Daughter He Deserted.

Indianapolis, Ind., June 16.—[Special.]—Mrs. Nettie Stephenson Brehm of Oklahoma, former wife of D. C. Stephenson, former Indiana Klan dragon now serving a life term in State prison for murder, wept as she testified this afternoon in County court in the action in which she seeks a

Judgment of \$12,000 from Stephenson for the care and support of their daughter, Florence Catherine, 11.

She revealed that she had visited Steve, as she called him, at the state prison, at Michigan City, Monday, conferring with him in the presence of their daughter for some time.

Couldn't Reach Governor.

Reports from Michigan City were to the effect that Mrs. Brehm gained admittance to the prison to confer with Stephenson through a letter signed by Gov. Ed Jackson. Efforts to get in touch with the governor to confirm the report were in vain.

She made the visit she said in an effort to effect a settlement with Stephenson, but failed. Mrs. Brehm said Stephenson clasped his daughter in his arms and "promised her everything."

"He said he would see that she gets everything after he gets out of prison," Mrs. Brehm said. "He called Catherine 'Baby.'"

Mrs. Brehm testified she was married to Stephenson in Oklahoma in March, 1915, and that they lived together until September of that year.

when she said Stephenson deserted her.

When Steve Lost His Job.

She said he came home one evening saying he had lost his job and that he was going to another town nearby seeking work. After that she heard from him occasionally. She was in Oklahoma City when the daughter was born, and at that time she received \$5 from Stephenson. Later she met him in another town and he seemed fond of the baby, she said. He left her and said he was going to southern Texas, she testified, sending her back to her mother's home. She did not see him after that, she said, until their meeting in the prison this week.

"We couldn't reach any agreement," she said, telling of the prison visit. "Steve does not seem to have any money. He said he had some notes, but could not collect on them."

Certified copies of the marriage and divorce records were presented in evidence, showing Stephenson was twenty-two years old at the time of the marriage. He now would be thirty-four years old.

Mrs. Brehm said she obtained a divorce in February, 1917, and was

married to H. M. Brehm in 1919.

Herbert Wilson, receiver for the Hoosier Tailors, of which Stephenson was a stockholder, and from which he is alleged to have obtained suits for gifts to his Klan friends, including Gov. Jackson, testified that he had obtained a judgment for \$8,000 against Stephenson, but had been unable to collect it. He said he could find no property of Stephenson's to attach.

Fred O. Butler, formerly secretary to Stephenson, was a reluctant witness for the plaintiff. He said he had no "first hand" information about Stephenson's financial affairs.

W. L. Taylor, attorney for Gov. Jackson, objected to several questions put to Butler, especially regarding the deal in which Jackson is alleged to have obtained a Lexington automobile in exchange for a car owned by Stephenson and a car owned by the governor.

ORDERED TO DISPOSE OF FIREWORKS. John Redmond, 24 years old, 2117 Cleveland avenue, proprietor of a confectionery store, was given 15 hours to get a quantity of fireworks he had stored in the basement out of town when he was arrested before Judge Philip Fitzgerald on a charge of possessing fireworks without a city license.

## Mandel Brothers

Notable values in summer apparel

Voile daytime dresses  
daintily made by hand

750

Not a small part of the charm of these delightful little frocks is due to the fact that every stitch (drawn-work, embroidery and all) is done by hand. Such delicately lovely tints as: peach, orchid, green, pink, copenhagen, and white—and a pleasing diversity of becoming styles make selection interesting.

Third floor.

Girls' frocks of flowered silk—remarkably priced

Sizes 8 to 14 years

They are in radium silk or crepe de chine, figured patterns in floral effects, and all with the new and practical stub sleeves.

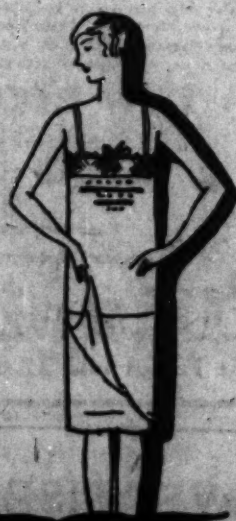

Fourth floor.

## DUNDEE BEATS KING TUT IN 10 ROUND BATTLE

Mueller Whips Barbarian; Medill in Draw.

Mike Dundee of Rock Island made his debut as a junior lightweight last night and defeated King Tut of Minneapolis in the ten round win of the boxing show at Normal baseball park.

It was Mike's first appearance in Chicago since the passage of the boxing bill and the bouts attracted about 7,000 fans to the south side park. The receipts were about \$15,000 according to Promoter Cecilia.

**Dundee Floors Tut.**  
Dundee showed a lot of his old hitting power and knocked Tut down for a nine count in the second round. The knockdown came near the close of the session and Mike was unable to finish his man. Tut recuperated during the minute intermission and during the third round on it was a battle with each trying desperately to connect with wild swings. In some of the rounds Tut had the edge but at the finish Dundee was entitled to the decision. They weighed 130 pounds.

In the other important bout Freddie Mueller of Buffalo was given the ten round decision over Sid Barbarian of Detroit. Mueller did most of his execution with a straight left hand while Barbarian, who is a southpaw, landed stinging punches with his left hand. Sid directed most of his blows to the body and Mueller connected many times around the head. They weighed 140 pounds.

**Medill Held to Draw.**  
Joey Medill of the west side, who had won thirty-five straight fights up to last night, was held to a draw by Babe Ruth of Louisville in one of the preliminaries. It was a fight all the way and in the opening round both were knocked down but up before a count their weight was announced at 130 pounds.

## BOY, 12, TAKES JUMPERS EVENT AT HORSE SHOW

George Strom Jr., 12 years old, uncovered the biggest surprise of the evening in the horse show at the South Shore Country Club last night when he captured the jumpers' class event in a field of thirty-two entrants. Astride June Night, a jumper owned by George A. Strom Sr., he easily was the class of the field. The youthful Strom has been jumping for three years. Summaries:

**SHEPHERD PONIES IN TANDUM.**—Won by Twistedwire (Harry Gordon); Peter De Forest-Al Siele (George J. Peak); second, HOBBS IN HARBOR (Headstart)—Won by Authority-Daniel (Dr. Daniel A. Orl); Peter De Forest-Al Siele (George J. Peak); second, RIDDLE HORSES, five girls—Won by Chief of Loyview (Mrs. W. P. Roth); Man in the Moon (W. C. Patterson); second, King Fancy (Dr. C. H. Bramwell); third, Colbrook (Mrs. John C. Patterson); fourth, HACKETT PONIES (shown to vehicle)—Won by Fire Lass (John B. Thompson); Saddle Horses (five girls, ridden by lady)—Won by Silver Gale (Mrs. A. C. Thompson); Bobbie Hoot (Mrs. W. P. Roth); second, Margaret McDonald (Thomas B. Mahoy); third, Sunny Lee (Dr. J. P. Frey); fourth, HORSES IN HARBOR, etc. class—Won by Leading Article (John B. Thompson); South-shall's Pride (Otto W. Lehmann); second, Boston Hammer (Boston Hammer Farm); third, Model Gem (Mrs. A. C. Thompson); fourth, HUNTERS AND JUMPERS, jumping class—Won by June Night (G. A. Strom); Roola Head (Mrs. John B. Thompson); second, Hickory (E. J. Lehmann); third, Banter (Ben. Leach); fourth, PRINTERS VS. CRAWFORDS.

The Union Printers will play the Crawford Note at Hamilton Park Sunday at 2 p. m.

## SMITTY-MONKEY BUSINESS

## Armour Ties Cooper at 301 for Golf Lead

(Continued From Preceding Page.)

ninth, was only a stroke back of Cooper at the tenth. Harry had finished by this time and Armour had to come home in 37, two over par to tie.

He started for the 37 miserably. He was in a trap on the tenth and it cost him a stroke. He got his par 3 on the next and then a ghastly 7 on the twelfth. His drive landed between bunkers in grass at the left. From an uphill lie his second landed in the rough at the left. And his third in a sand gulley connecting two traps at the edge of the green, 621 yards from the tee.

**How Armour Gained Tie.**  
A blast with a niblick sent the ball to the top of the gulley and it dropped back in the trap. He was on with his fifth and took two putts, despite Cooper's 6 on that same hole. Armour was three strokes behind with six holes to make it up, a task for a great golfer and a stout heart.

Twenty-one strokes he had for six holes and he made the first five in 3, 4, 3, 4, all pars, and as he stood on the tee of the 487 yard 18th hole he needed a birdie three to tie. His drive sailed straight down the middle of the fairway about 280 yards and then he hit one of the iron shots for which he is honored among golfers. It was a full No. 5 iron, dead on the pin from the instant it left the club face, fully 180 yards. The ball hit the edge of the green and bowed straight on, stopping eight feet short of the pin. Armour waited, casually leaning on his putter until his partner had putted, and then drove the ball straight into the cup; while 5,000 or more golf mad fans yelled as if it were a knockout punch or a winning touchdown.

Bobby Jones tried hard to defend his championship, but a streak of bad golf cropped out in his two final rounds of the course which even the fiery Bobby couldn't overcome and he finished in a tie for seventh place with 400. Jones' rounds for the day were 79 and 77, which represented many lost strokes in Oakmont's traps and ditches.

## Eckersall's Gossip of the Boxers

**JOHNNY HILL**, Filipino featherweight, and Charley Goodman of New York meet in the windup of the boxing show at the Logan Square baseball park, Kedzie and Belmont avenues, tonight. They will box ten rounds to a decision. Hank Hansen, the Norwegian middleweight and Johnny Murphy of Pullman will meet in the six round semi-windup. The other bouts will be together: Lou Ferretti and Jack Feldheim, Norman Brown and Larry Coleman, Bud Nardi and Eddie Balentine, and Harry Dubinsky and Harry Fierro. The opening bout will go on at 8:15 o'clock.

Promoter Jim Mullen, who will stage the world's bantamweight championship bout at Wrigley field next Thursday night between Bud Taylor of Terre Haute, Ind., the recognized champion, and Challenger Tony Cansoneri of New York has completed the supporting card. Ignacio Fernandez of Manila and Abe Goldstein of New York, the former world's bantamweight champion, will meet in the ten round semi-windup. The preliminaries will be between Ernie Peters of Chicago and Tommy Milton of New York, Joe Medill of Chicago and Tommy Grogan of Omaha, Earl Mastro of Chicago and Trip Limbach of Manila, and Bennie "Kid" Carter of Los Angeles and Tony Mandell of Worcester, Mass.

Willie Davies of Cleveland and Alex Burley of Canada are in active training at Coulton's for the ten round bout at White City on Monday night. Five other bouts are on the card.

The bout between Willie Buff and A. Levine will feature the amateur boxing show of the Motorists Association of Illinois at 800 South Michigan avenue tonight. Seven other bouts complete the program.

At last Tuesday's meeting of the Illinois Athletic commission John Kilonis and Helene Engel, middleweight wrestlers, were suspended for sixty days for poor conduct in the ring at a mat show held on June 2. Sid Kelly and Charley Gensaro, local boxers, were set down for 30 days for failure to make weight, and Managers Wayne Shumway and Spider Myers were suspended indefinitely.

## AWARD \$600,000 STEEL CONTRACT

H. D. Brown, California sportsman, and builder of race tracks, who Wednesday broke ground for a new \$2,000,000 turf oval at Arlington Heights, 17 miles northwest of Chicago on the Chicago and Northwestern railroad and the Northwest highway, announced a steel contract amounting to \$600,000 had been let to the Wisconsin Bridge and Iron works.

## Amateurs to Clash in Boxing Show at Harvey

At Harvey tonight boxing will be held for the first time since the state law went into effect, with amateur champions in competition before the Buda Athletic association, an incorporation of business men of the industrial district.

## Women Reach Semi-Finals at Kansas City

Kansas City, June 16.—Four feminine golf stars, including two from Kansas City, today stroked their way into the semi-finals of the women's trans-Mississippi golf tournament at the Blue Hills Country club here. The finalists, who will play Saturday, will be selected tomorrow in two matches in which Mrs. O. S. Hill, defending champion, and Mrs. Miriam Burns Horn, former western champion, both of Kansas City, will meet out of town contenders.

Mrs. Hill will be paired with Miss Marion Turpie of New Orleans, former southern champion, and Mrs. Horn will battle with Miss Ann Webster of Leavenworth, Kas. Miss Webster played the best round of the day to eliminate Miss Virginia Pep of St. Louis, 3 and 2. The Kansas golfer scored a fine 32, one over par, for the 13 holes. She was out in 40, having her opponent one down, and finished the incoming nine with a 42. Miss Turpie came from behind to win her match from Mrs. Austin Pardue of Elling, Minn. One down at the turn, the southerner took the tenth and eleventh holes and pushed on to win, 3 and 1. The title hopes of Mrs. Frank Jaffray of Minneapolis, Minn., were crushed by Mrs. Horn.

## Billy Kroydon's Golf Hints

**Keep Your Head Down**  
For longer and stronger drives keep your head down until well after the ball has been hit. Looking up too soon causes a slicing motion in speed just before the moment of impact, and often results in a cut or sliced shot.

*Billy Kroydon*

## The SUPREME Model 12-A Driver

A new model with extra long and protruding. A club with plenty of power, yet easy to control. The long oval-shaped head is noticeably elliptical, rather than round. It has moderate width and a medium depth, tapering to a sleek whipping with a touch of orange at either end. Natural white hickory shaft, or steel shaft. Selected black call-skin grip.

**Supreme Model 12-A Driver-Brass Spoon With Hickory Shaft. Steel With Steel Shaft \$12.00**

## You can't soak the comfort out of Spalding Golf Shoes

GET them wringing wet—throw them in your locker—and the next day you will find they have dried soft and flexible. That's part of the tanning knack we've learned in thirty-seven years of making the athletic shoes that have made the world's records.

Spalding Golf Shoes are true athletic shoes. Made for golf—not street shoes "adapted". Your feet and your game will appreciate this. And your pocketbook will like the prices—mostly \$10.

**A. J. Spalding & Bros.**  
211 SOUTH STATE ST.

Take an inventory of your locker. And then take a note to get the needed number of Spalding Imported Golf Shoes. Only \$2.50 to \$7.50 because we import direct.

## ADVERTISE IN THE TRIBUNE

# DAMOSEL BEATS DIMPLE DUNKIE BY NECK MARGIN

BY FRENCH LANE.

P. Hebert, a young jockey, and Damose, a young daughter of North Star III, from the Kentucky state of Kentucky, furnished the fireworks for more than 7,000 racing fans at Washington park yesterday, when they scored a thrilling neck victory in the Pricessia stakes, fashioned for 3 year old fillies.

Little Mr. Hebert and fast stepping Damose were fairly flying as they wound up the seven furlong journey with just enough run left to head Dimple Dunkie, a long shot by the neck margin. They had cut out a dizzy pace, covering the first six of the seven furlongs in 1:12, the fastest three-quarters that has been run here. Then, with that Herculean effort out of their system, they staggered on home, just in time to head the field that was fast closing up on them from behind.

**Entry Backed as Favorite.**

Lodge and Sweetcorn, running coupled as C. B. Schaefer's Coldestream farm entry, had been backed into favoritism soon after the speculating on the Pricessia opened and when they warmed up, slightly before taken into the paddock, there was a rush of additional support for them for two finer looking thoroughbreds have not been shown here this season. Right at post time there was a rush of backers for Damose and the entry, which slowly receded until she was knocked from 6 to 1 in the betting down to 2 1/2 to 1 as they lined up at the barrier.

**Rival Wins Wedgewood Stakes.**

There were two other allowance races on the program and Dr. L. M. Holmes of New Orleans surprised the players when he sent the one time good handicap horse Rival out to capture the Wedgewood stakes, a dash at 6 furlongs.

Rival ran a sparkling race and easily beat the fast hand which trailed him. Then just to make it a full day's work, cracked the track record when he stepped the route to 1:13 1/4. Senator Norris had been backed with confidence but was bumped by Rival at the start and thrown off his stride. He lost whatever chance he might have had at victory and Jockey Magister on Rival was charged with rough riding. He was handed a ten day suspension.

Coming on top of the jolt Senator Norris gave them, the players got another one right on the chin in the middle classes handicap when Smiling Gus failed badly not only for his trainer Boots Durrell, but for his host of followers. The Purple Siles of Frederick Grabner of Chicago, were carried to victory by Spanish Lay which had the benefit of a powerful ride by Jockey Earl Pool.

# In Freckle Season It's Not So Gorgeous to Be a Real Blonde

The return of the small child of the house the other day after hours spent in the park reminded me the freckle season is on. There were two tiny rows on either cheek and the bridge of the nose to prove the sun is no respecter of ages. Anything it can beam upon warmly enough seems fair play. She, having the fair skin of the golden haired, all her freckles, however, will have to fight these summer invasions of freckles and sunburn. Here brunette playmates do not suffer from exposure to sun except to come off with a healthy rosy glow of tan.

However, there is a question about whether tanning is entitled to the "healthy looking" adjective. Skin specialists are inclined to believe that too much exposure to the sun tends to make the skin dry and harsh. There is such a high percentage of pigmentation in brunettes, that they escape the distressing burns that make a blonde or a red head after prolonged exposure to the sun's rays look like a well known sun-baked fish.

Brunettes rarely develop. Blondes do, and sometimes with such distressing results to skin texture that the top layers scale or peel off. The more sensitive the skin is under intense sunlight the more danger there is of inflammation.

Prevention of burn, tan and freckles is the best remedy. If large brimmed hats aren't being worn, girls will take their burns and freckles rather than not be tanned. If a blonde or a brunette is too much to carry, then applications of oils, lotions, creams and powders keep the rays from penetrating the skin to any extent should be applied.

At the seashore the strongest rays are felt and parsons of colors that absorb ultra violet rays (yellow, brown, or red) should be used, at least while one is sitting out on the beach.

Cold creams had better always be used by the fair skinned when they motor or play tennis, golf or a horse they spend time outdoors. They do protect the skin and counteract the drying effect and there is no danger of their growing hair on the face, as is erroneously believed by some.

Practically all of the forty or more vegetables grows in a well rounded garden in this section of the country are safe in the open by this time of the year. Even the cucumber and melon in little danger of being injured by cold weather.

There are many crops that may be planted any time during the last half of June. Growers of experience find that it does not usually pay to start these vegetables later than July 1. Carrots, cabbage, cauliflower, chives, onions (started from seed), parsley and pansies.

Where the gardener has water available during the hottest part of the summer there are many crops that can be kept growing during July and August which would ordinarily perish without artificial watering. It is always a gamble with late planted peas. Many growers in this section find it worth while to plant them as late as July 15.

Peas are not to be considered a good hot weather crop and should not be planted too late unless there is a watering hose handy to give the soil around the plants a good soaking frequently. There is a slim chance of maturing well filled pods if hot, dry weather sets in during the next two weeks or in early July, as is often the case.

Wherever peas are planted late it is advisable to sow them in trenches about five inches deep and cover them with a two inch layer of soil. The soil should gradually as the seedlings grow. Deep planting insures germination and gives the roots a better chance to get moisture during dry weather.

## EMBARRASSING MOMENTS

The Tribune will pay \$1 for every letter published on "The Most Embarrassing Moment of My Life." Address: Embarrassing Moments, Tribune, 435 N. Dearborn St., Chicago, Ill. Write on one side of the paper. No manuscript returned.

**A Double Shock.**  
My sister, a girl friend, and myself were walking down the street one night. They were walking behind me, so I decided to scare them. I stepped back a dark place, thinking they were coming on. Instead, they stopped and window shopped. Just about that time some one else came along and I scared them, although it scared me about as much as it did them.

**Forgot to Pay.**  
Upon entering a barber shop and being in a hurry to get a certain trim, I asked one of the barbers to do it there and whom I knew, if I might have his trim, to which he readily complied.

The barber, having completed his duties with me, kindly assisted me on with my coat and followed me to the door, where he held out his hand, and with a shake, he said, "Money please." The part I had forgotten in my hurry.

**A Friend in Need.**  
By SALLY JOY BROWN.  
For Trimming for a Coat.  
I have some fur trimming which would do nicely for a spring coat. Any of your readers may have it.

## BEAUTY ANSWERS

**BY ANTOINETTE DONNELLY.**  
**KATE: TO OVERCOME THE nervous ailment of perspiring hands, the health needs building up with careful diet, sun, air, and exercise. Train yourself mentally away from nervousness and anxiety. Wash the hands four or five times daily, running cold water over them, and after dry treatment with an astringent lotion or medicated dusting powder.**

**I. H. BRAN IS HELPFUL IN overcoming constipation. It may be taken as a morning cereal, with sugar and cream, or it may be mixed in with other cereals, or added to soups. In addition, drink from six to eight glasses of water every day, and if possible walk several miles daily.**

**OFFICIAL WEATHER FORECAST.**  
The official forecast for today and tomorrow and yesterday's table of records follow:  
Indiana—Unsettled Friday and Saturday, showers or local thunderstorms by or before Friday night and on Saturday; moderate temperature.  
Wisconsin—Unsettled Friday and Saturday, showers or local thunderstorms by or before Friday night; moderate temperature.  
Lower Michigan—Increasing cloudiness, slightly warmer in southeast; rain or showers Friday; Saturday probably showers.  
Upper Michigan—Partly cloudy to cloudy Friday; Saturday showers; not much change in temperature.

**Place of observation.**  
Date of weather.  
June 16, 1927, 7 p. m.
